NEW SOUTH WALES

STATISTICAL REGISTER

FOR

1904 AND PREVIOUS YEARS.

COMPILED FROM OFFICIAL RETURNS.

T. A. COGHLAN
(Honorary Fellow of the Royal Statistical Society),
GOVERNMENT STATISTICIAN.

Published by Authority of
THE GOVERNMENT OF THE STATE OF NEW SOUTH WALES.

SYDNEY: WILLIAM APPLEGATE GULLICK, GOVERNMENT PRINTER.

1906.
[5s.]

PREFACE.

THE fourteen parts which this volume comprises have already been issued separately. Herewith they appear collectively, accompanied by a General Index covering the whole of the matter dealt with. Every care has been taken to keep the work free from errors; but if any have escaped detection it would be deemed a favour if their nature and position were pointed out.

The figures should be read in conjunction with the "Official Year Book," the first issue of which appeared in March, 1906.

Government Statistician's Office,
Sydney.

* Half-year ended 30th June. † Year ended 30th June. ‡ Advances outstanding in excess of liabilities.

§ The Treasury Bills sold during 1901–2 have not been included, as the proceeds (£755,179) were applied to liquidate the balance of the Centennial Park Account (£228,417), and the General Post Office New Street Resumption Account (£376,762), and also to replace £150,000 to the Railway Loan Redemption Fund, and these three accounts did not form part of the Consolidated Revenue Fund.

NOTE.—The accumulated surplus or deficiency must be considered as approximate only, owing to the fact that the advances recovered cannot be satisfactorily distributed to the actual years in which they were made.

No. 4.—Operations on the Consolidated Revenue Fund, 1895–1904.

(Exclusive of Suspense Accounts—The Centennial Park Account and the General Post Office New Street Resumption Account.)

* Half-year ended 30th June. † Year ended 30th June. ‡ Information not available. § Not dutiable.
¶ Half-year ended 31st December. ‖ Includes estates not exceeding £1,000, which are exempt from duty under the new Act.

Stamp Duties Act.—The principal Act (44 Vic. No. 3) was passed in 1880, and provided for the imposition of duties from the 1st July of that year. Under the Amending Act, 50 Vic. No. 10, which came into operation on the 31st August, 1886, a graduated scale of duties ranging from 1 to 5 per cent. was adopted; and under the provisions of Act 56 Vic. No. 30, passed in 1893, estates of deceased persons of less than £200 gross value were exempted from duty. In December, 1899, a further Amending Act was passed, and a new scale of duties, ranging from 2 to 10 per cent. was imposed. Estates under the net value of £1,000 are exempt from taxation under the provisions of the new Act.

No. 11.—Transactions under the Probate Act of 1899, for the Year ended 30th June, 1904.

¶ ,, ,, ,, £755,179 ,, ,, ,,

‖ Includes £375,000 Railway Debentures repaid from Railway Loan Redemption Fund (53 Vic. No. 24), and £150,000 Treasury Bills cancelled.

NOTE—The difference between the amounts outstanding at the close of each year does not, as a rule, represent the actual increase or decrease in the debt. Repayments of loans are generally effected under the head of renewals, and in following out this practice, it is usually found necessary to float the redeeming loan some time before the due date of the maturing loan; hence the liability appears twice in the Debt statement till the bonds or stocks are retired.

London Agent.—Since 1883 all financial operations connected with the issue and inscription of Stock have been conducted by the Bank of England. The Bank charges ½ per cent. per £100 Stock on all loan issues, and in addition annually receives £200 per million for the inscription and management of Stock, including the payment of the half-yearly dividends.

Local Agent.—The Bank of New South Wales, since the middle of 1893, has transacted all the local business connected with the "Government Banking Account," and also acts as Financial Agent for the State in Victoria. The business carried on includes the payment of the half-yearly dividends on local Debentures and Funded Stock, and all Banking transactions connected with the Consolidated Revenue Fund, Trust Funds, and General Loan Account. The Treasury, however, in local loan issues, directly conducts the operations connected with the issue of New South Wales Funded Stock and Treasury Bills. During 1895–96 a current account was opened at the City Bank of Sydney; and during 1896–97 at the Commercial Banking Company of Sydney, Limited, and these accounts are still being operated on.

NOTE.—In some of the earlier years the interest was fixed at a daily rate; in such cases an equivalent yearly rate is quoted.

* £25,000 of this amount was repaid by the Government of Victoria.

† The total amount over-raised on two issues of this Act, viz., £7,365, was paid over to the Sydney Railway Company.

"Old Loans Account."—The £450,000 loan floated "Under various Acts" (commonly known as the "Tailings Loan") was floated during 1871 for the purpose of adjusting the amounts short and over raised under Act 17 Vic. No. 34, and all subsequent Acts to 34 Vic. No. 2. These loans constituted what is termed the "Old Loans Account," which formed part of the Consolidated Revenue Fund till 1891, when the account was finally closed by the balance at the end of that year (£132,326 0s. 4d.) being transferred to the "General Loan Account" under the provisions of the Loan Act 54 Vic. No. 33, as amended by Act 55 Vic. No. 35.

"General Loan Account."—From 1871 a new system of treating the proceeds of Loans was adopted. A "Separate Loan Fund" was established for each Loan floated on and after that date. The £374,900 Loan of 1871 (35 Vic. No. 5) was the first one dealt with under the new conditions. This practice was continued till 1879, when, under the authority of the "Loan Fund Amalgamation Act" passed in that year, the "Nine Separate Loan Funds" established during the period 1871-9, and all subsequent loans, were amalgamated into one "General Loan Account.' The Act declares that no portion of the Amalgamated Funds shall be used for any other purpose than Loan Services.

Railway Loan Redemption Act (53 Vic. No. 24) ...	1,000,000	75,000	75,000	25,000	This fund was established for the purpose of repaying £1,000,000 which was expended for reconstruction and improvement of rolling stock and permanent way. The amount annually contributed from revenue is £75,000, and on the 30th June, 1896, the fund amounted to £375,000, which was used during the latter half of 1896 to pay off debentures in accordance with the Act; while in 1897–8, the amount accumulated to 30th June, 1898, viz., £150,000, was applied in redemption of the balance of Railway Loan, 31 Vic. No. 11. The amount at credit on 30th June, 1903, viz., £525,000, inclusive of £150,000 from proceeds of Treasury Bills under Acts 64 Vic. No. 68, and 1 Edw. VII. No. 8, floated to replace the £150,000 paid off in 1898, was used during the year ended 30th June, 1904, in redemption of the loan raised under Act 36 Vic. No. 17. The amount at credit on the 30th June, 1904, was £75,000.
N.S.W. 1924 Stock	198,065	6,602	59,419	138,646	These funds were established under authority of Acts 58 Vic. No. 14, 59 Vic. No. 6, 60 Vic. No. 32, 61 Vic. No. 43, 62 Vic. No. 36, and 63 Vic. No. 42, which provide that amounts of £6,602, £7,409, £6,937, £7,492, £11,122, and £4,851, respectively, shall be set apart each year out of Consolidated Revenue in order to redeem the amount spent on works which are not permanent or reproductive.

Treasury Bills—					In order to provide for the extinction of Treasury Bills issued in aid of revenue, in 1899–90 and 1896, a sum of £150,000 is appropriated each year, but the fund is not cumulative, as bills to the amount of the annual contributions are extinguished each year. The second issue has been reduced by £155,137, bills to the amount of £150,000 having been cancelled, and £5,137 paid off. The third issue is redeemable by annual instalments of £100,000, so that the total sum to be set aside each year for the repayment of Bills in aid of revenue will amount to £250,000.

NOTE.—The prices given are the monthly quotations during the year ended 30th June, 1904, for the New South Wales 4 per cent. Funded Stock (New), due October 1912. The transactions on the Sydney Stock Exchange in New South Wales Government securities are chiefly confined to dealings in this Stock, although during 1903-4 some sales of the local 3 per cent. Inscribed Stocks, and 3½ per cent. Treasury Bills issued under Act 63 Vic. No. 46 were reported. Quotations for Debentures and New South Wales 4 per Cents. (Old Funded Stock) are rare, as holders of these securities are not disposed to part with them.

NOTE.—The Camden-Campbelltown line, opened in March, 1882, the Kogarah-Sans Souci line, opened in September, 1887, and the Ashfield-Enfield line, opened partly in 1891 and partly in 1899, were transferred to Railways in 1888, 1889, and 1900 respectively; and from the last-mentioned dates the returns of these lines have been included with those of Railways, with the exception of the year 1902, when the two last-mentioned lines were re-transferred to Tramways.

First Railway section opened.—Railway construction in New South Wales was commenced in 1850, and the first length of line—Sydney to Parramatta—was opened on 25th September, 1855. A uniform gauge of 4 ft. 8½ in. has been adopted for the State Railway and Tramway systems.

* The decrease in capital shown in the City and Suburban Tramways is due to the transfer of rolling stock to some of the other lines, while in the case of the North Shore Cable line, the falling-off is due to the land taken for the St. Leonards Railway being transferred to the Railway Capital Account.

† 60 chains converted from cable to electrical traction. ‡ Excess of working expenses over earnings.

§ The decrease in length of line and capital expenditure is due to conversion of part of the steam system to electrical traction.

‖ Now entirely converted into an electric system.

* Year ended 31st December, 1905. † All lands within the City of Sydney are assessed on their annual rental values. There is comparatively little unimproved within the city boundaries. ‡ Street watering; local only. § Bexley is included with Hurstville. ‖ Fire Brigade; general. ¶ Fire Brigade (general), ¾d., and street watering (local only), 1d. and 4d. ** Vaucluse is included with Woollahra. †† Fire Brigade. Garbage rates of 6s. and 12s. per annum are also levied, the former on houses under, and the latter upon those on and over an assessed rental value of £30 a year. ‡‡ Drummoyne includes Five Dock; these two municipalities having been amalgamated under the name of former on the 14th March, 1902.

Municipal Rates.—Municipal rates are levied on nine-tenths of the annual value of improved property, and on 5 per cent. of the capital value of unimproved land, except in the City of Sydney where the maximum percentage on unimproved is 6 per cent. In boroughs and municipal districts they are struck yearly; in the City of Sydney, from time to time, as may be decided. In the city the general rate stood at 16d. from 1891 to 1899, but was raised to 1s. 6d. in 1900, to 2s. in 1901, reduced to 1s. 10d. in 1902, and still further reduced to 1s. 9d. in 1903, which was the rate levied for 1904 and 1905 and this covers all expenditure; in the other municipalities the general rate cannot exceed 12d., but special rates may bring the total up to 2s. in the £, with 6d. more for street watering, and an additional rate may be levied for water supply when the works have been constructed under the Country Towns Water and Sewerage Acts.

NOTE.—For method of arriving at the Net Debt, see "Statistical Register" for 1902.

*In addition to this amount an annual sum of £53 11s. is payable on account of the interest on half the cost of construction of an artesian bore, which, however, remains the property of the Government.

† At Forbes, Hay, and Wilcannia the works were constructed under the supervision of the Municipal authorities, and the expenditure shown in the table is not the actual cost of the works, but the Government valuation.

Water Supply of Country Towns.—The Country Towns Water Supply and Sewerage Act and Amending Acts provide for the construction by the Government of waterworks and sewerage systems in municipalities which are outside the areas served by the Metropolitan and Hunter River Water Supply and Sewerage Boards. The cost becomes a charge against the municipality, carrying interest at the rate of 3½ per cent., and repayable by annual instalments over a period of not more than 100 years. Under special circumstances, the Government may remit part of the cost.

Richmond has also constructed waterworks under the Act, but the control was subsequently transferred to the Metropolitan Board of Water Supply and Sewerage. (See Table No. 34.)

Campbelltown and Liverpool have each a separate water supply drawn from the main canal, particulars of which will be found in Tables Nos. 32 and 33.

In addition to the above, there are twenty-seven districts which are supplied by the Hunter District Water Supply and Sewerage Board. Information with respect to this Board to 30th June, 1904, will be found in Table No. 35.

The municipal districts of Broken Hill and Silverton are supplied with water from works situated at Stephen's Creek, which were constructed by a private company under a special Act passed in 1888.

The waterworks at Ballina, Blayney, and Moree were completed and handed over to the Municipalities subsequent to the 30th June, 1904.

§ February, 1903. ‖ Exclusive of Kogarah.

Municipal Elections.—In all municipalities, except the City of Sydney, elections are held in the month of February, the two auditors and one-third of the aldermen being elected annually. All ratepayers, whether male or female, are entitled to vote, property assessed at an annual value of, and under, £25 carrying one vote; £75, two votes; £150, three votes; and over £150, four votes. With a population between 500 and 1,000, a municipality may be divided into two wards; between 1,000 and 4,000, three wards; over 4,000, four wards. When a new municipality is formed by the union of others, the number of wards may be increased to six. North Sydney is the only one having more than four, as it was incorporated by the amalgamation of St. Leonards, East St. Leonards, and Victoria, and the number of wards was increased to five. Undivided municipalities are set down as consisting of one ward.

In the City of Sydney the elections are held every second year on the 1st December, unless otherwise determined by special legislation. Unlike those in the other incorporated districts, owners, occupiers, and lodgers occupying premises for six months and over have the right to vote.

NOTE.—Since the Sydney Corporation Amending Act of 1900 came into operation, the elections in the City of Sydney are held on the 1st December in every second year, when all the sitting Aldermen retire, but are eligible for re-election. The date may, however, be varied by special Parliamentary sanction, provided always that it is in the month of December.

NOTE.—The wards of the city are identical with its Parliamentary electoral divisions, except in the cases of Bourke and Macquarie Wards, which are subdivisions of the electorate of King. There are thus within the City twelve wards to eleven electoral divisions for the State Legislative Assembly.

Capital Cost and Net Liability.—The difference between these totals is mainly attributable to a sum of £377,382, representing expenditure by the City Council on water-works, afterwards taken over by the Metropolitan Board of Water Supply and Sewerage, on which the Board does not calculate interest.

Cost of Offices.—The amount of the capital debt set down for the last seven years does not include £32,525, the proportion of the cost of offices chargeable to the Water Supply Branch; the Board charge working expenses with rent on the new offices.

NOTE.—These works were constructed under the Country Towns Water and Sewerage Act. The Municipal Council of Richmond administered the service till the 26th May, 1893, when it was temporarily transferred, pending legal powers, to the Metropolitan Board of Water Supply and Sewerage. The Board is much restricted in its management, as only premises owned by persons who have signed agreements to take the water can be rated. The accounts are kept separate from those of the Metropolitan Water Scheme.

(—) Deficiency.

*The figures given above for year ended 30th June, 1904, are based on the statements referred by the Minister to the Board for report, as required by the Amending Act. The Board are in correspondence with the Minister on the matter, and the debt has not yet been finally determined.

Maintenance.—The figures given above for the first four years represent only the actual expenditure. Under the Amending Act, which came into operation on the 1st July, 1897, it was enacted that proper provision should be made for the reconstruction of renewable works by setting aside a sum from each year's revenue to the credit of a sinking fund at the Treasury, from which fund the amounts expended from time to time for maintenance and renewals should be drawn. Had provision been made for the sinking funds for permanent and renewable works, as laid down by the Acts of 1892 and 1894, during the first four years for which the figures are given above, the item for maintenance would have been represented by the instalment or each year, and the operations would have resulted in greater deficiencies than the amounts shown for the years 1894–7.

Capital Debt.—Under the 14th section of Amending Act, No. 14, of 1897, the Board are required to levy such rates (subject to a maximum of 1s. in the £) as shall be sufficient to provide for (a) interest on the capital debt at 3½ per cent. per annum, (b) management and working expenses, (c) the annual instalment to the sinking fund for the reconstruction of renewable works, and (d) the deficiency on the previous year's operations (if any). Under the 36th section of the Act, the Minister has to determine the capital indebtedness of the Board to the Government up to the 30th June, 1897, and thenceforward annually.

* The figures in this column represent distinct children who have attended a State school the whole or some portion of the year, children who may have received instruction at more than one State school during the year being only counted once.

† The mean enrolment of distinct scholars and the average daily attendance being determined for each quarter of the year, an average of the four quarters is taken, and the result is set down in this table.

Primary Schools.—Under the Public Instruction Act (43 Vic. No. 23), which came into force on 1st May, 1880, it is provided that the instruction imparted at Public Schools shall be absolutely unsectarian. "Secular instruction" is defined by the Act as including "general religious teaching as distinguished from dogmatical or polemical theology."

Compulsory Attendance.—The Act makes it obligatory upon the parents or guardians of all children between the ages of 6 and 14 years (unless just cause of exemption can be shown), to cause such children to attend school for a period of not less than 70 days in each half-year.

Causes of Exemption.—The causes of exemption defined by the Act are:—That the child is being regularly and efficiently instructed in some other manner; that from sickness or infirmity or from fear of infection or other unavoidable cause there is inability to attend; that there is no State School within 2 miles by the nearest road, or that the child has already been educated up to the standard of education required. Under this last clause, examinations for exemption certificates are held at the annual inspection of the schools.

Training Schools for Teachers.—There are two Training Schools, Fort-street for males, and Hurlstone for females, the total enrolment for 1904 being 38 and 47 respectively. Persons who have completed their course as pupil-teachers are alone eligible for admission. Students who creditably pass examination for a classification of II A, are granted, on their passing the matriculation examination, scholarships at the University for twelve months, which may be conditionally renewed for the second year. The students are also given practical work under supervision in the Practising Schools and Kindergarten Department of the Model Public School, Fort-street. On completion of the course of training each student undergoes examination for a Classification Certificate.

Matriculated Students.—The total number of bursars and holders of scholarships who passed the Matriculation examination was 56, including 29 who qualified at the Junior, and 10 at the Senior examination.

Scholarships.—In the High Schools, 50 scholarships are open for competition annually, viz., 30 in the Sydney schools, and 20 in the Maitland schools. A scholarship is tenable for 3 years, and entitles a scholar to a free grant of text-books and free education in a High School. In a few exceptional cases, scholarships have been made tenable in Superior Public Schools.

Bursaries.—Bursaries are available for admission to the Superior Schools, High Schools, or Sydney Grammar School. In the metropolitan and sub-metropolitan districts, 24 bursaries are open to competition, and in the country districts 12 bursaries, winners of which are eligible for free education at the Superior Schools, High Schools, or Sydney Grammar School. For the Maitland Boys' High School 6 bursaries, and for the Maitland Girls' High School 6 bursaries are available. A bursary is tenable for 3 years, and entitles a scholar to a free grant of text-books and free education in the above-named Schools. When a bursar is compelled to board away from home, an allowance not exceeding £30 per annum is made. Bursars who live at home receive an allowance not exceeding £10 per annum.

Examinations.—Half-yearly examinations for scholarships and bursaries are held during June and December.

University Bursaries.—Twelve bursaries, 6 to boys and 6 to girls, tenable for 3 years at the Sydney University, are open to competition according to the position of candidates at the annual matriculation examination. Competitors must be under 18 years of age, and must have attended a State High School, a Public School, or as State Bursars the Sydney Grammar School, for the year preceding the examination. Bursars are entitled to a free grant of text-books and free education, together with an allowance not exceeding £20 per annum to those who need not board away from home, and not exceeding £50 per annum to those who must necessarily do so.

Schools and Departments.—The number of schools and departments in operation during 1904 was 2,870 and 3,091 respectively. Of these there were 2,803 schools and 3,024 departments open on the 31st December, 1904. With few exceptions all Schools below Class IV are "Mixed" Schools, the boys, girls, and infants not being separated into different departments.

Superior Public Schools.—To entitle a Public School to be designated a "Superior" Public School, at least 20 pupils must be eligible to join a fifth class. At the end of 1904 there were 140 Public Schools of Classes I to V, comprising 320 departments, classed as "Superior" Public Schools. In these schools instruction is given to the fifth class in Latin, French, and other subjects prescribed for the Senior and Junior University Examinations.

Kindergarten Schools.—There are three State Kindergarten Schools, the enrolment at which, in 1904, was 385 boys, 348 girls; total, 733. The average attendance was 277 boys, 246 girls; total, 523.

Subsidised Schools.—During the year 1904 there were 118 private schools subsidised by the State. The enrolment at these schools was 998, and the average attendance 800. Subsidies are granted only in the case of children resident in thinly populated country districts, so far removed from any State school that attendance at such is a matter of impossibility.

Senior and Junior Public Examinations.—In connection with the Sydney University two Public Examinations termed respectively the Senior and Junior, are held annually at Sydney and a number of local centres, including towns in Queensland. These Examinations are open to all candidates, male or female, who may present themselves. The University Professors, together with such other persons as the Senate may appoint, form the Board for conducting these Examinations.

Law Matriculation.—Persons desirous of entering into articles of clerkship with Attorneys, and who have not taken a University Degree, or passed the preliminary examination required in England, Scotland, and Ireland, are required to pass a preliminary examination (law matriculation), which is similar and equal to that prescribed for ordinary matriculation. Clerks, after having entered into articles, are also required to pass two intermediate examinations in History and Law respectively. These examinations are conducted by a Board appointed by the Supreme Court.

Examinations for positions other than junior clerks are held only when required by the exigencies of the Service, due notice being given by advertisement, when full particulars are published.

The first examination for junior clerks was held on 27th January, 1897. Candidates must be not less than 16 nor more than 21 years of age on the first day fixed for the examination, and must have resided in the State at least three years at date of application. Candidates must forward to the Board within a prescribed time an application in their own handwriting, containing their full names, ages, and addresses, and on passing the examination a properly certified extract from some official register of births, or other satisfactory evidence as to age. They must in their application name two responsible persons to whom reference can be made as to character. Candidates other than those permanently employed in the Public Service will be required to pay a fee of 10s. into the Treasury before they are allowed to sit for examination. Candidates are examined in the following subjects:—(1) Handwriting; (2) English (Dictation); (3) English (Composition); (4) Arithmetic; (5) Geometry; (6) Geography; (7) English History; but are allowed to take two of the following optional subjects:—(*a*) Mathematics; (*b*) English (a prescribed author, the same as that prescribed for the Junior Examination of the current year); (*c*) Latin; (*d*) French; (*e*) German; (*f*) Elementary Inorganic Chemistry; (*g*) Elementary Geology; (*h*) Elementary Physics. No candidate for admission to the Clerical Division is considered qualified for appointment unless awarded a total of at least 1,750 marks in the examination out of a possible 2,850 marks.

The number of vacancies to be filled during the year is advertised. Up to the 1st January, 1905, of the 605 candidates (including 11 girls) who passed the examinations, 557 (including 7 girls) have been appointed to the Service, and 8 failed to pass the necessary medical examination. After admission to the Public Service, successful candidates are on probation only, and such probationary position is for a period of not less than twelve months.

Incorporation and Endowment.—The University of Sydney was incorporated in 1850, and endowed with an annual income of £5,000. It is empowered to confer, after examination, degrees in arts, law, and medicine. Graduates of Sydney University rank equally with graduates of British Universities.

Under the Act of 1884 degrees in all branches of knowledge except theology and divinity are granted, and all University privileges are extended to women.

Senate.—The government of the University is vested in a Senate, consisting of 16 elected and not more than 6 *ex officio* members, being Professors of the University. The Senate elects from its members a Chancellor, who holds office for three years, and a Vice-Chancellor, who is elected annually.

Faculties.—There are four Faculties: Arts, Law, Medicine, and Science. A Dean is appointed by the Senate to each Faculty from time to time for a term not exceeding two years. There are also a Department of Engineering and a School of Dentistry.

Degrees.—The curriculum of study for the B.A. degree is three years, and the M.A. degree cannot be obtained till two years after the former has been conferred. The curriculum of study for the LL.B. degree is five years, of which the first two are in the Faculty of Arts. The course of study for the degrees of M.B. and Ch.M. is five years. The course of study for the B.Sc. degree extends over a period of three years. The degrees of B.E. and M.E. are also given in the three branches of Engineering, viz., (*a*) Civil, (*b*) Mining and Metallurgy, and (*c*) Mechanical and Electrical Engineering. Candidates for degrees in (*a*) and (*b*) receive instruction for a period of three years, and those for degrees in (*c*) for four years.

Ad Eundem Degrees.—The Senate is empowered to confer *ad eundem gradum* degrees on graduates of other recognised Universities.

N.S.W. Medical Degrees.—As notified in the *Government Gazette* of 6th June, 1890, the second part of the British Medical Act of 1886 is made to apply to New South Wales. Holders of the degrees of M.D., M.B., and Ch.M., conferred by the Sydney University, are consequently recognised and may be registered in the United Kingdom in the same way as holders of similar degrees, conferred by a British University, are registered in New South Wales.

Faculty of Medicine—Hospitals.—Prince Alfred Hospital was constituted a General Hospital and Medical School for the instruction of students attending the Sydney University. The Chancellor of the University and the Dean of the Faculty of Medicine are Directors *ex officio*. Other Hospitals recognised by the University as places where study may be carried on in connection with the Faculty of Medicine are Sydney Hospital, St. Vincent's, the Benevolent Asylum, Hospital for Sick Children, the Gladesville and Callan Park Hospitals for the Insane, and the Women's Hospital.

* Includes £1,250 received on account of the following year.

Finance.—The supervision of the financial affairs of the University is, subject to the direction and control of the Senate, entrusted to a Finance Committee consisting of the Chancellor, Vice-Chancellor, and four elected Fellows.

"Challis" Fund.—In 1880 the late Mr. J. H. Challis bequeathed his whole estate to the University, which, under the terms of the will, was transferred to that institution in September, 1889. The assets in Australia and England amounted to £268,224. The Senate has decided that the Fund shall be applied as permanent provision of income for educational uses. Through the agency of the Fund seven "Challis" Professorships and four "Challis" Lectureships have been established.

Other Foundations.—There are also the "Hovell" Lectureship, £6,000; the "Wentworth" Travelling Fellowship, now amounting to £2,586 and the Curatorship of the "Macleay" Museum, £6,000. In 1896, the University received a donation of £50,000; and, in 1904, a second amount of £50,000 from Mr. P. N. Russell, to endow the Department of Engineering.

University Museums.—The "Nicholson" Museum of Antiquities, the "Macleay" Museum of Natural History, and the Museum of Normal and Morbid Anatomy, attached to the University, are accessible to the public under certain regulations.

Scholarships and Exhibitions.—These have been founded chiefly by private benefactors as rewards for proficiency, and for the purpose of placing the advantages of a University education within the reach of students who might, through the want of financial means, be excluded from participation in them. They are awarded only when candidates exhibit a degree of proficiency satisfactory to the Examiners. No undergraduate may hold more than two scholarships at one time.

1879	Levey and Alexander. (Tenable for 3 years.)	50	Open to graduates desirous of entering a profession, but not having the necessary means. The Senate may at discretion pay the £150 in one amount.
1881	Walker (4)	£50 each.	Not more than one half of these Bursaries are applicable to female students.
1881	Walker (1)		
1886	William Charles Wentworth, No. 3 ..	....	From accumulations from No. 2 Bursary, in accordance with the will of the founder. These amounted in December, 1901, to £1,097. When the sum of £1,500 shall have been reached, No. 3 Bursary, with a capital fund of £1,000, will become operative, and the balance of £500 will accumulate to form No. 4.

Bursaries.—Bursaries are only conferred when satisfactory proof is produced that the means of the candidate, or of his parents or guardians, are insufficient to enable him to attend the University without such assistance. There are fourteen at the disposal of the University. These have all been created (on the initiation of the late Dr. Badham, when Professor of Classics) by private foundations, at a cost of £1,000 each, together with a margin in some cases to ensure prescribed annual awards amounting to £50. They are helped, on the part of the Senate, by an accompanying exemption from all lecture fees and the fee for matriculation. Women are eligible for not more than one half of the five bursaries, founded in 1881, by the late Mr. Thomas Walker, of Yaralla, Concord.

Public School—University Bursaries.—Ten other bursaries have been created by the Government in connection with the Public School system, but the University is not concerned in their award, although the Senate has conceded to the holders a similar exemption from fees. For information relating to these Bursaries, see note to Table No. 16.

Establishment of Technical Education.—Classes for Technical Education were first established at the Sydney Mechanics' School of Arts in 1865. The Working Men's College was started in 1873. In 1878 a sum of £2,000 was granted by Parliament for the organisation of the Technical College, and for five years the classes were carried on at the institution named. In 1883 a Board was appointed by Government to take over the management, but towards the end of 1889 the Board was dissolved, and the Technical Colleges were placed under the control of the Minister of Public Instruction. In 1892 the Technical College at Ultimo was opened to students.

Technical Education in State Schools.—Workshops are established at Fort-street Model School and other large schools in the metropolis and country. The pupils are taught the use of tools by instructors connected with the Technical College and branches. The course consists of carpentry, joinery, and other selected handicrafts. Examinations are held annually, and certificates issued to successful candidates.

Enrolment.—The total number of pupils enrolled during 1904 was 16,589, but a number of students have joined more than one class; the number of individual students was 13,221, with an average weekly attendance of 9,260.

Classes.—The total number of classes shown above was the number in existence at each locality, and not the number of distinct subjects taught.

Technological Museum.—This museum, situated in Harris-street, Ultimo, was established in 1879, and was first administered by a committee of management appointed by the trustees of the Australian Museum. It was taken over by the Department of Public Instruction on 1st January, 1890, and made an integral part of the Technical Education Branch. Special endeavours are being made to collect the raw products and samples illustrative of the industries and manufactures of Australia; and the museum contains a large number of native mineral and vegetable products, and a comprehensive series of specimens of wool. Over 93,000 exhibits in all have been acquired, by purchase, gift, loan, and exchange.

The Technological Museum and Branches are open to the public free of charge.

Australian Museum.—The Australian Museum was founded in 1836. It was originally connected with the Botanical Gardens, and was located in a room in Macquarie-street, Sydney, but was afterwards removed to the Surveyor-General's Office, and again, in 1849, to its present site. Its affairs were managed by a committee until 1853, when the Museum was incorporated by Act of Parliament. The Act provides for twelve official Trustees, one Crown Trustee, nominated by the Governor, and twelve elective Trustees. Provision was also made for a State endowment of £1,000 per annum, which is supplemented by annual Parliamentary appropriations as required. It is essentially a Museum of Natural History.

The Museum is open to the public free of charge.

Museum Library.—The library attached to the Australian Museum contains many valuable books. Presentations are continually being made, and during 1904 the additions numbered 600 volumes, besides many pamphlets and unbound parts of periodicals. The greater number were received by gift or exchange, and the purchases amounted to £449, including binding.

The Museum publications issued during the year 1904 were: "Records of the Australian Museum," vol. v, Part 5, "Memoirs of the Australian Museum," vol. iv, Parts 7 and 8; and Special Catalogue of Nests and Eggs, vol. i, Part 5.

NOTE.—The Library is open to the public free, and books may be borrowed without charge.

The Public Library of New South Wales.—The "Free Public Library" was established on the 1st October, 1869, when the buildings and books of the "Australian Subscription Library," founded in 1826, were purchased by the Government. During the years 1886-7 considerable additions were made to the premises, a large portion being entirely rebuilt. The new buildings were opened in April, 1890. In 1877 the operations of the Library were extended by a Lending Branch being attached. Under certain simple regulations books may be borrowed by individuals, country Libraries, Mechanics' Institutes, and groups of Students in Country Districts, free of charge. During 1903 the Library took control of the "Lighthouse Library," and now lends boxes of books to lighthouses of New South Wales. The Newspaper Room, formerly attached to the Reference Library, was, in February, 1894, transferred to the Lending Branch. During 1895 the name "Free Public Library" was changed to "The Public Library of New South Wales." During 1899, Mr. D. S. Mitchell, M.A., made a first donation of 10,024 volumes, with 50 valuable pictures, and intimated his intention of bequeathing the whole of his unrivalled Australian collection to the Public Library, together with an adequate endowment. This collection is to be kept separate and known as the "Mitchell" Library. The Lending Branch and Newspaper Room were removed in June, 1899, to improved quarters in the Queen Victoria Market Buildings, and the Lending Branch was closed on Sundays. In December, 1899, the Library was incorporated, and received a statutory endowment of £2,000 per annum for the purchase of books.

No. 62.—The Observatory: Return for the Year 1904.

The Sydney Observatory was established in the year 1856. It stands 146 feet above sea-level. Latitude, 33° 51′ 41·1″ south; longitude, 151° 12′ 42·15″ east.

The copies of publications that have been issued number 977. The Library received by way of exchange 1,200 books and pamphlets.

The Observatory was visited by 1,167 persons during the afternoons on which it was open to the public.

Astronomical Work.—The observations taken comprised 1,234 zone stars, 777 clock stars, 237 azimuth stars, and 472 determinations of collimation and azimuths. All computations for these are in a forward condition. At the Red Hill Observatory, the photographic plates taken include 87 chart plates and 28 test plates. The measurement of star plates, jointly undertaken by New South Wales and Victoria, has been carried on during the year. The daily time-ball service at Sydney and Newcastle has been maintained.

Meteorological Department.—Two weather charts have been published daily. The first, issued at 1 p.m., contains a résumé of what data had been received, together with forecast, and the second at 4·30 p.m., has complete data, isobars, very full notes, and forecast for the ensuing 24 hours. During the year 22,000 such charts were published. Of these 20 were distributed daily to the Press, chief commercial and public institutions, and to 24 of the chief country towns.

Forecasts have been telegraphed each day to 63 towns. In addition to the above, 4,112 charts, showing the daily rainfall, and 888, showing the monthly rainfall and percentages over the State, have been published and distributed. An isobaric chart, showing also by symbols at a number of stations the direction of wind, rain areas, thunderstorms, and condition of sea, together with a concise note upon the resulting weather since the previous day, has been regularly prepared in the Observatory for publication in a Sydney newspaper.

During the year the monthly reporting climatological stations were increased by 56, the number now being 1903. All these stations are equipped with rain-gauges, and otherwise they may be classified as follows:—

1	with self-recording	thermograph.
6	do	barograph.
28	do	mercurial barometers, hygrometers, maximum and minimum thermometers.
168	do	maximum and minimum thermometers.
1,700	do	rain-gauge only.

A monthly review of the weather over Australia generally has been prepared since August, 1904, tracing the progress of the different changes in atmospheric pressure, and their effect upon the weather, copies of this review being sent to the newspapers.

NOTE.—For returns relating to Meteorology, see Part "Miscellaneous."

Boroughs and Municipal Districts—Municipalities Act.—Under the provisions of Act 31 Vic. No. 12 the Municipalities are divided into two classes, Boroughs and Municipal Districts, although the name of "Municipality" is common to both institutions. A borough shall, upon its first incorporation, contain an area of not more than 9 square miles, with a population of not less than 1,000; a municipal district must not exceed 50 square miles, and shall contain a population of at least 500. The boundaries of each class of division must not overlap.

Sydney.—The City of Sydney is classed as a Municipality, but is incorporated under a Special Act.

Aborigines.—In 1871 and 1881 the wandering tribes were passed over, and only those who were civilised or in contact with Europeans were enumerated. It is probable that the total numbers for these years were, approximately—in 1871, 12,000; and in 1881, 10,000.

Ages.—The ages of 3,054 persons, concerning whom the Householders' Schedules merely disclosed that 321 were under the age of 21, and 2,733 adults, have been distributed by a process of gradation among the other ages.

Education—Read and Write, and Read only in a Foreign Language.—Under the headings of Read and Write, and Read only, the return includes those who have been educated in a foreign language only. Prior to 1891 this information was not obtained. Of those so returned in 1901, nearly 60 per cent. were members of the Chinese race.

Aborigines.—The Aborigines are not included for the years 1891 and 1901; but for 1871 and 1881, while the wandering Aborigines were passed over, those who were civilised or in communication with Europeans were enumerated, so that the totals for 1871 and 1881 include 983 and 1,643 Aborigines respectively. In the above table also those unspecified as to conjugal condition have been distributed by proportion amongst the other numbers.

* The number of persons shown in this Table as ministering to General Government does not represent the total number of persons employed by the Government. The principle of the classification is to include Government officers performing special duties in the groups to which they are most nearly related. Thus, the Railway, and Post and Telegraph officers are both classified with those engaged in Transport and Communication; Government Printing Office employees are classified with others working in Books and Publications; and similarly, Government officers employed in connection with such services as Charity, Education, Agriculture, and Mining, also Civil Engineers, Surveyors, Architects, Draftsmen, and Artisans in the Government workshops, and all others, are classified with the group to which they belong.

* The number of women engaged in Agricultural and Dairying pursuits varies with the time of the year. Besides the 1,735 women, shown in this Table as employed in Agriculture at the Census of 1901, there were some 2,500 others employed, partly in connection with Agriculture and partly in domestic duties. The majority of these were relatives of the farmers, and appear in the classification as engaged in domestic duties, and therefore as dependents. Similarly, some 10,000 women who were engaged, partly in dairying and partly in domestic duties, are classified as performing domestic duties. If the women, partly employed in Agriculture and Dairying, be included with those mainly so employed, the total women engaged in Agriculture would be 4,267, and in Dairying, 12,156.

Divorce.—Under Act 55 Vic., No. 37, assented to 9th May, 1892, and 56 Vic., No. 36 (13th June, 1893), the grounds on which Divorce may be granted have been largely extended. This explanation accounts for the large increase in the number of marriages dissolved in 1893 and each subsequent year. For full particulars of Divorce, See Part "Law and Crime," and statistics in reference to Divorced persons published in the Statistician's Report on Vital Statistics.

Re-marriages.—The number of those persons who were divorced in New South Wales, and again married in the State cannot be separated in the above table, which shows the Re-marriages of persons who had been divorced either in New South Wales or elsewhere.

PART V.—MANUFACTORIES AND WORKS.

Commencing with the year 1896, the statistical returns have been compiled on a new basis, in order to secure uniformity with Victoria. Formerly an establishment where no machinery is used was included in the returns if at least five hands were employed therein; but on the present basis the minimum number of hands accepted in such factories is four. Also milliners, dressmakers, and tailors, formerly not enumerated, as well as home workers regularly employed in connection with factories, are now included in the general total.

* The receipts in respect of the Australasian traffic being in excess of the amounts guaranteed in connection with the reduced rates, New South Wales was not called upon to contribute.

† The subsidy of cable between Port Darwin and Banjowanjie, also the New Caledonia Cable Guarantee are for the year ended 31st December; all other Cable Subsidies and Guarantee Contributions are for the twelve months ended 30th April.

‡ For ten months, agreement terminated on 31st October, 1899.

Cable Subsidies and Guarantees.—With the exception of Queensland, each of the other States, and New Zealand, contributed to 31st October, 1899, *pro rata* to population for the subsidy to cable to Europe. The New South Wales Government does not bear any of the expense of the alternative line, Adelaide to Banjowanjie, *via* Roebuck Bay, Western Australia. New South Wales and Queensland each guarantee a sum of £2,000 yearly to the French Telegraph Company against loss on the cable to New Caledonia.

Metropolitan Fire Brigades Board.—The Board consists of six members, viz., the chairman, appointed by the Government, and five elected members, one of whom is appointed by the Municipal Council of Sydney, one by the other Municipalities within the proclaimed area, two by the Fire Insurance Companies carrying on business in New South Wales, and one by the Volunteer Fire Companies. The elected members retire every two years, but are eligible for re-election. Towards the annual outlay the Government, the Municipalities, and the Fire Insurance Companies each contribute one-third. The Municipalities contribute *pro rata* to the assessed annual value of ratable property in their respective districts, and the Fire Insurance Companies proportionately to the net risks held on properties within the Metropolitan District. Sydney Harbour is outside the jurisdiction of the Board.

Ship Fires.—For the purpose of dealing with ship fires the Sydney Harbour Trust use the steamer "Pluvius," which is fitted with a compound tandem surface condensing fire engine capable of throwing 2,500 gallons of water a minute. The pump is fitted for six hoses 2½ inches in diameter, and one hose 3½ inches in diameter. The steam scow "Powerful" is fitted with a fire-pump capable of delivering water from four lines of 2½-inch hose. Both of these vessels are always under steam, and in readiness for any emergency.

Partial Payment of Volunteer Firemen.—Considerable amounts are annually spent by the Board in the provision and repair of fire appliances, for uniforms and equipment, for the erection and repair of stations; and for horses.

Volunteer Fire Companies.—Companies situated within the Metropolitan district are registered at the office of the Board and are subject to the inspection and orders of the Superintendent of Metropolitan Fire Brigades. All the hose and other appliances are the property of the Metropolitan Fire Brigades Board.

Fire-alarm Telephones.—Telephones connected with the fire stations are placed in fire-alarm boxes in the important localities of the city and suburbs. The telephonic system at the end of 1904 consisted of 110 telephones, 33 telephone shutter-boards, and 256 telephone fire-alarms. The length of telephone and telephone fire-alarm wire was 247 miles. Most of the volunteer fire stations, theatres, music halls, &c., are also in direct communication with the Metropolitan Fire Brigade stations. The various police stations are also in communication, and public offices, hotels, wharves, business firms, and private houses, that are connected with the General Post Office Exchange, can transmit calls for fires at any time.

* Situated in the County of Cumberland and within the Metropolitan area under the Fire Brigades Act. Contributes to the Metropolitan Fire Brigades Board.

Country Fire Brigades.—Authority is given to extend the provisions of the Fire Brigades Act to the country districts, but owing to an ambiguous clause in the Statute, the Fire Insurance Companies and Municipal Councils do not always consider themselves called upon to contribute towards the expense of maintenance of the Brigades as defined by the Act. The Country Fire Brigades Boards, however, are entitled to receive subsidies from the Government.

Inquests on Fires.—When any property, real or personal, shall be destroyed or damaged by fire, the Coroner having or exercising jurisdiction at or in the place where such fire shall have happened, is empowered, if he consider it a fit case for so doing, to make an inquisition into the cause and origin of such fire. Jurors and witnesses are summoned, and the mode of procedure is the same as in inquests in cases of deaths.

"National" Parks.—The National Park, 33,719 acres, at Port Hacking; Kurnell, Captain Cook's landing-place on southern headland of Botany Bay, 248 acres; Kuring-gai Chase, 35,300 acres, on the Hawkesbury River; Parramatta Park, 252 acres, at Parramatta, are outside the Metropolitan area, but may be specially mentioned on account of their "national" character. The Centennial Park, 530 acres, divided between the Municipalities of Randwick and Waverley; as also Moore Park, 378 acres, The Domain, 90 acres, and the Botanic Gardens and Garden Palace grounds, 60 acres, situate in the City of Sydney, may also be designated "national" parks.

Trustees of Parks.—Under the Public Parks Act the Governor may appoint Trustees of any lands proclaimed for the purposes of public recreation, convenience, health, or enjoyment. The Trustees are empowered to frame by-laws for the protection of shrubs, trees, &c., upon the land vested in them, and to regulate the use and enjoyment of such land by the public.

* There were three seats to be filled in the Senate, and each voter therefore cast three votes, one ballot-paper being used for the purpose.

NOTE.—At the first Election, on 29th March, 1901, six Senators were elected for New South Wales. The term of service of a Senator is six years, but, in accordance with the Constitution Act, the places of half of the number of Senators became vacant at the end of 1903—three years from the date of the first Commonwealth Election. The Election on the 16th December, 1903, was for the purpose of filling three vacancies to the Senate.

PREVIOUS ELECTION.—Six seats were required to be filled at the first Election (29th March, 1901), and each voter therefore cast six votes, one ballot-paper being used for the purpose. There were 220,573 voters (38,674 informal votes, and 181,899 valid). The number of valid votes cast was 1,091,394.

Constitution Act.—The "Constitution Act, 1902," being an Act to consolidate the Acts relating to the Constitution, was assented to on 18th August, 1902. The Legislature, subject to the provisions of the Commonwealth of Australia Constitution Act, have power to make laws for the peace, welfare, and good government of New South Wales, provided that all Bills for appropriating any part of the public revenue, or for imposing any new rate, tax or impost, shall originate in the Legislative Assembly.

Legislative Council.—No maximum number of members of the Legislative Council is fixed by the Constitution Act. In July, 1905, the number of members was sixty-one. They receive no allowance for expenses, but are privileged to travel free over the Government railways and tramways in the State. Although the appointment is for life, a member forfeits his seat by absence from two successive Sessions without leave, by becoming bankrupt, and on account of other reasons, and he may voluntarily resign at any time. The President of the Legislative Council receives a salary of £900 per annum, and the Chairman of Committees £470 per annum.

Legislative Assembly.—During the year 1904 New South Wales was divided into ninety electorates, each of which has one member to represent it in the Legislative Assembly. Every Legislative Assembly shall exist and continue for three years from the day of the return of the writs for choosing the same and no longer, subject, nevertheless, to be sooner prorogued or dissolved by the Governor. Each member (not holding office as a Minister, Speaker, or Chairman of Committees) is entitled to receive the sum of £300 per annum by way of reimbursement for expenses incurred in the discharge of Parliamentary duties. Members also travel free over the Government railways and tramways in the State, and are provided with official stamped envelopes for the free transmission of correspondence through the post. The Speaker of the Legislative Assembly receives a salary of £1,200 per annum, and the Chairman of Committees £740 per annum.

NOTE.—Sydney is the headquarters of the fleet, and ranks as a first-class naval station.

Naval Agreement Act, 1903.—This Act provides that the Naval Force on the Australian Station shall consist of not less than 1 armoured cruiser, 1st-class, 2 2nd-class cruisers, 4 3rd-class cruisers, 4 sloops, and of a Royal Naval Reserve of 25 officers and 700 seamen and stokers. The base of this force shall be the ports of Australia and New Zealand, and their sphere of operations the waters of the Australia, China, and East Indies Stations. One ship shall be kept in reserve and three others partly manned shall be used as drill ships for training the Royal Naval Reserve, the remainder shall be kept in commission fully manned. The drill ships and one other vessel are to be manned by Australians and New Zealanders paid at special rates. They are officered by officers of the Royal Navy and Royal Naval Reserve. Eight nominations for naval cadetships are given annually to the Commonwealth and two to New Zealand. The agreement is for ten years. An annual charge of £200,000 is paid to the Imperial Government by the Commonwealth, and £40,000 by New Zealand.

No. 47.—The Royal Naval House.

The Royal Naval House in Grosvenor-street, Sydney, was erected exclusively for the accommodation of the men of British warships. It was built in 1889, at a total cost, inclusive of land, of £25,000, contributed by citizens and the Government of New South Wales. The House contains large reading and smoking, dining, and billiard rooms, besides a gymnasium, and other accessories. Sleeping accommodation can be found for 300 men. The institution is self-supporting, aided by an annual grant from the Lords Commissioners of the Admiralty and the Government of New South Wales, which grants are devoted to maintaining the House during the absence of the warships from Sydney. About 38,000 sleepers are booked in the House annually, and it is used by the men of the fleet in every other way very freely.

It is the only establishment of its kind in Australasia. The House is controlled by a Superintendent, a Committee elected by the Trustees from among their number, and a few Naval Officers, also an Honorary Secretary and Treasurer.

Time Ball.—The Time Ball at the Sydney Observatory is dropped every day at 1 p.m. Standard Time, or 15 hours Greenwich Mean Time. There is a Time Ball at Newcastle which is controlled by signals from the Sydney Observatory.

Standard Time.—The mean time of the 150th meridian of longitude east of Greenwich, England, is the Standard Time throughout New South Wales, with the exception of the area within the Municipal District of Broken Hill and the Electorate of Sturt, in respect of certain sections of the Licensing Acts, Billiard and Bagatelle Licensing Act, Parliamentary Electorates and Elections Act and Municipalities Act. The mean time of the 135th meridian of east longitude is in respect of the above enactments declared to be the standard time for these districts.

Latitude, &c., of Observatory.—Latitude, 33° 51′ 41·1″ south; longitude, 151° 12′ 42·15″ east; altitude, 146 feet.

Thermometers.—The thermometers are exposed in a shed 11 feet square, of which the sides are 5 feet 6 inches high, and enclosed to within about 30 inches of the ground with open lattice-work. The roof is conical, rises to 13 feet above the ground, and is covered with louvres close enough to keep out rain. Repeated experiments have been made to determine the relation between temperature in this shed and that shown by a swing thermometer, both night and day, with the result that there is no difference. It is, therefore, assumed that the shade obtained is a satisfactory one.

Rain-gauge.—The rain-gauge is round, 8 inches in diameter, and with rim 15 inches above ground. The pluviometer results are from a gauge of the same size, 7 ft. 8 in. above ground, and recording on the same paper as the anemometer. Two similar gauges, placed on the ground 6 ft. apart, are used; they differ very little, and not always the same way; the larger record is taken.

Whipping.—Under the Crimes Act (No. 40, 1900) provision has been made for whipping as an additional punishment, chiefly for offences classed as wanton and unprovoked assaults and indecent exposure. The Court adjudicating must, however, consist of two or more Justices, one of whom shall be a Police or Stipendiary Magistrate. In the Metropolitan District the cases are decided before two Stipendiary Magistrates.

* Includes one found not guilty on the ground of insanity, but detained during Governor's pleasure.

Higher Courts.—*Central Criminal and Circuit Courts.*—Judges of the Supreme Court preside over the Central Criminal and the fifteen Circuit Courts. *The Courts of Quarter Sessions* are presided over by Chairmen, who are also Judges of the District Courts. There are seven Chairmen, two of whom preside over the Metropolitan District, and one over each of the five remaining districts. Accused persons in each jurisdiction are tried by a jury of twelve.

Jurisdiction.—The Central Criminal and Circuit Courts, and Courts of Quarter Sessions, have co-ordinate jurisdiction excepting as regards capital charges, which cannot be dealt with by Courts of Quarter Sessions.

NOTE :—The First Offenders Probation Act of 1894 came into force on the 1st June, 1894, and persons could be liberated under the provisions of this Statute until the 31st October, 1900, when the Crimes Act of 1900 became law. Under the provisions of this Act any person, convicted for the first time for an indictable offence, may be set at liberty on certain conditions instead of being sent to prison. Although the sentence is passed in the usual form, the Court may suspend the execution of the sentence, upon the offender entering into a recognizance, with or without sureties, for his or her good behaviour, for a period of not less than twelve months.

Garnishee Cases.—The Court may, upon the *ex parte* application of any creditor obtaining a judgment, order that all debts due by a third person (the garnishee) to the defendant, except in the cases of wages or salary at £2 per week or under, shall be attached to meet the judgment debt, and may, by a subsequent order, direct the garnishee to pay as much of the amount owing by him as will be sufficient to satisfy the judgment debt. In cases where wages or salary exceed £2 per week, an order can only be made for the amount of wages or salary in excess of that amount.

Interpleader Cases.—When a claim is made to goods held under a writ of execution by a person not party to the suit the Court may, upon application to the bailiff, decide the claim.

New Trial Applications.—When a judgment has been given against the defendant in his absence, the Court may set it aside and grant a new trial.

Examination of Judgment Debtors.—The Court may, on the application of a judgment creditor, order the judgment debtor to be orally examined as to whether any and what debts are owing to him.

* Includes 1 cause referred by parties to arbitration.

Appeals and New Trial Motions.—During the year ended 1st March, 1905, there were 5 appeals from the judgments of District Courts. The judgment was affirmed in 1 appeal, while in 2 it was reversed, and 2 remained undecided. There were also 9 motions for new trials, of which 1 was granted. The right of appeal can only be exercised in causes in which the amount claimed exceeds £10, and must be made either on points of law or in respect to the admission or rejection of evidence.

Causes tried by Jury.—Of the 1,031 causes tried during the year 1904-5, only 34 were tried by Jury. In all actions where the amount claimed exceeds £20, the Judge may order, or the plaintiff or defendant may, by giving notice to the Registrar of the Court, have a Jury summoned.

Court of Marine Inquiry.—District Courts hear and determine inquiries as to shipwrecks and other casualties affecting ships, or as to charges of incompetency or misconduct on the part of masters, mates, or engineers of ships. Appeals and references under the Navigation Act are also heard and determined. One or more District Court Judges sitting as a Court of Marine Inquiry are assisted by two of the assessors appointed under the Act, but such assessors have power only to advise and not adjudicate on any matter before the Court.

Land Appeal Court.—For transactions of Local Land Boards and the Land Appeal Court, see Part "Land Settlement."

* Writs issued.—The number of writs issued includes those for claims subsequently settled by the parties.

† Judgments signed.—The amounts for judgments signed include taxed costs in all cases where the judgments have been completed at the end of the year, and relate to undefended and tried cases only.

Judges of Supreme Court.—There are seven Judges attached to the Supreme Court—the Chief Justice, and the six Puisne Judges. The Chief Justice and four Puisne Judges devote attention chiefly to Common Law and criminal cases, another Judge to Equity, another to Bankruptcy and Probate, and another Puisne Judge is Judge in Divorce and Matrimonial Causes.

Terms.—There are four Terms during each year, the dates of which are fixed by the Judges, as are also the days the Court Sittings commence, the duration of Vacations, and the dates for holding Circuits.

Vice-Admiralty Court.—The Chief Justice was appointed Judge Commissary of the Vice-Admiralty Court by the Admiralty, and one of the Puisne Judges acts as Deputy. The Supreme Court has no jurisdiction in this Court.

Probate and Administration.—By the Wills, Probate and Administration Act of 1898, No. 13, the jurisdiction previously vested in the Primary Judge in Equity is transferred to the Supreme Court in its Probate Jurisdiction, and such Judge as might be appointed Probate Judge. The duties performed by the Prothonotary and Ecclesiastical Clerk are now performed by the Registrar of Probates.

Gross and Net Value of Estates.—The figures from the Probate Court and Stamp Duties Department (see Part "Public Finance") relating to transactions in the estates of deceased persons do not agree. The Court gives the gross value of the estates, and includes those estates which, after investigation, are found not to be subject to duty. The number of petitions is also swollen by probates on some estates being taken out a second time. The amount given by the Stamp Duties Department represents the net value of the estates.

Estates of the Value of £1,000—How dealt with.—Prior to the passing of the Probate Act of 1890, all applications for probate and letters of administration (except where the gross amount of the estate did not exceed £100) were made in open Court, and also applications to pass accounts of executors or administrators. Under the present Act the Registrar grants probate and letters of administration where the estate does not exceed £1,000 in value, it being only necessary to apply in open Court in cases beyond that amount. It is now also only necessary to apply in Court for the allowance of executors and administrators' accounts where commission is applied for, or in case of appeal from the decision of the Registrar.

Small Estates—Value £300 and under.—In pursuance of the provisions of the "Wills, Probate and Administration Act of 1898," probate and letters of administration may be granted by the Registrar without the intervention of a solicitor in estates sworn not to exceed £300.

Grounds for which Divorces were granted, see Table 89.

First year of Divorce Act.—Prior to the passing of the Matrimonial Causes Act of 1873 (36 Vic. No. 9) the Supreme Court of N.S.W. had no jurisdiction in divorce. **The existing Act** (55 Vic. No. 37) was assented to on the 9th May, 1892, but did not come into force, owing to an informality, till the 6th August. During 1893 an amending Act (56 Vic. No. 36) was attached.

Jurisdiction.—In addition to granting Decrees for Dissolution of Marriage, for Judicial Separation, for Nullity of Marriage, for Restitution of Conjugal Rights, and for Jactitation of Marriage (no petitions for which have as yet been filed in this State), the Court also deals with questions of alimony, custody, maintenance, and education of children, damages against an adulterer, and settlements of property.

A suit *in formâ pauperis* cannot be proceeded with without a Judge's order, and to obtain such it is necessary to produce the certificate of the Registrar and an affidavit of the party applying as to means of living, and, where a suit is by a wife, the means of her husband, and that he or she (after the payment of just debts) is not in possession of property worth £25, except wearing apparel and household furniture.

Decrees Nisi.—After a Decree *Nisi* has been granted, it can be made absolute at any time subsequent to the date fixed by the Court for that purpose. Neither party can re-marry until after fourteen days from the date of the Decree *Nisi* having been made absolute.

Grounds for Divorce.—The chief grounds for divorce under the old Act were adultery since marriage, on the part of the wife, and adultery and cruelty on the part of the husband. In addition to the foregoing causes, decrees for divorce can now be granted on any of the following grounds:—

Husband *v.* Wife.—Desertion for not less than three years; or by refusing to obey an order for restitution of conjugal rights; habitual drunkenness and neglect of domestic duties for a similar period; being imprisoned for three years and upwards, and still in prison, under a commuted sentence for a capital crime, or under sentence to penal servitude for seven years and upwards; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year previous to presentation of Petition.

Wife *v.* Husband.—Adultery, provided that at the time of the institution of the suit the husband is domiciled in New South Wales; desertion for not less than three years; or by refusing to obey an order for restitution of conjugal rights; habitual drunkenness for the same period, together with cruelty or neglect to support; being imprisoned for three years and upwards, and still in prison, under a commuted sentence for a capital crime, or under sentence to penal servitude for seven years and upwards, or having within five years undergone sentences amounting in all to not less than three years; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year previous to presentation of Petition.

Period of Domicile.—To entitle either party to seek relief on any one of these grounds he or she must have been domiciled in the State at the time of instituting the suit for three years and upwards, and should not have resorted to the State for the purpose of the suit. When a wife seeks for a decree on the ground of three years desertion, if she was domiciled in New South Wales when the desertion commenced, she shall not be deemed to have lost her domicile by reason of her husband having thereafter acquired a foreign domicile.

* Estate released following year. † Includes one estate from previous year.

(*a*) **Sequestration Orders Annulled.**—The Judge annuls sequestration orders in cases where he is of opinion that a sequestration order ought not to have been made, or where it is shown that the debts of the bankrupt have been paid in full.

(*b*) **Release of Estate.**—A bankrupt may have his estate released from sequestration after the acceptance and approval of a composition or scheme of arrangement, or if all the creditors are paid in full, or have given him a legal quittance of the debts due.

(*c*) **Certificates of Discharge.**—Three months from the date of sequestration a bankrupt may give notice by advertisement of his intention to apply for a Certificate of Discharge. The application may be heard within thirty days of the date of the first publication of the advertisement, and the Judge or Registrar receives a report from the Official Assignee, and may either grant or refuse an absolute order of discharge. A bankrupt is not deemed to be discharged until he pays all fees due by him and a certificate has issued.

(*d*) **Composition and Arrangement.**—The creditors have power to accept, and the Judge to approve, of a proposa for a composition, or for a scheme of arrangement, provided that it has been confirmed by a majority in number representing three-fourths in value of all proved creditors.

Suspension or Refusal of Certificates.—The Judge or Registrar may either grant or refuse an absolute order of discharge, or suspend the operation of the order for a specified time, or grant an order of discharge or suspend the operation of such order subject to any conditions with respect to future earnings or income. In certain cases the Court must refuse, suspend, or grant the order subject to conditions. As one of the conditions of granting an order of discharge the Court may require the bankrupt to consent to judgment being entered up against him.

The Assets and Liabilities are "according to Bankrupts' Statements of Affairs." The assets vary in many instances considerably from the statements showing amounts realised; the original figures as to liabilities, however, represent fairly the actual indebtedness.

Petitions withdrawn and refused.—Petitions withdrawn apply wholly to Creditors' petitions withdrawn in consequence of terms of settlement approved of by the Court, and the petitions refused represent those cases in which the Judge or Registrar is not satisfied that acts of Bankruptcy alleged have been committed, or with the proof of the petitioning creditor's debt.

Official Assignees.—There are two Official Assignees appointed by the Executive Council, with the approval of the Judge, and when, in the opinion of the Judge, an addition to their number is required, others can be appointed. In each estate the Official Assignee receives 2½ per cent. commission on the amount realised, and 2½ per cent. on the amount of dividends declared. The Judge may also grant special remuneration. Each Official Assignee is obliged under the 98th section of the Act to furnish the Registrar with quarterly statements showing the transactions in each estate.

***Bankruptcy Estates Account.**—Each Official Assignee pays all moneys received by him to the Registrar in Bankruptcy who places the amount to the credit of the "Bankruptcy Estates Account." In special circumstances the Official Assignee may be allowed to open an account with a Bank. When the Official Assignee's account and plan of distribution in an estate has been confirmed, the Registrar draws a cheque on the Bankruptcy Estates Account in favour of the Official Assignee, to cover dividends and unpaid charges included in the account and plan. In cases of urgency the Registrar may pay out moneys to the Official Assignee, pending the confirmation of an account and plan.

Criminal and Quasi-Criminal Appeals.—Appeal from Magistrates' Courts to Quarter Sessions is a remedy for bringing the Orders and Convictions of Justices to the review of Quarter Sessions. The Court is Judge of law as well as of fact. The right of appeal exists in all cases of convictions or orders by Magistrates excepting orders made under the Seamen's Act, 1898, and in cases of adjudication to imprisonment for failure to comply with an order for payment of money, and for finding sureties, &c. (Subsection A, Section 122, Justices' Act.)

† **Stamp Duty—Crown Lands.**—The amount of Stamp Duty is that which has been paid by applicants upon receipt of deeds from the Registrar-General, and does not represent the sum charged by the Commissioner of Stamp Duties during the year, on deeds forwarded to him by the Department of Lands. Although conveyances of land from the Crown are always registered under the Real Property Act, the payment of the Stamp Duty, which is collected by the Registrar-General, cannot be enforced until the application for deeds is made.

Acts under which Registered.—Mortgages on Real Estate are registered either under the Deeds Registration Act (No. 22 of 1897), or the Real Property Act (No. 25 of 1900).

Amount of Consideration incomplete.—In many instances the amounts lent upon mortgage by banks are not stated, but simply the words "valuable consideration" or "cash credit" inserted in the deeds. As this occurs frequently when the properties mortgaged are evidently of great value, the absence of the amounts must materially affect the returns, and, as a consequence, the amounts under the head of "mortgages" are incomplete. It must be borne in mind, therefore, that the "Amount of Consideration" stated applies only to cases in which the specific amounts are stated in the deeds, whether the amounts be the sums actually advanced or not.

The Discharges do not include foreclosures, which, if not formally registered as discharges, are nevertheless mortgages cancelled. The returns of discharges are therefore incomplete, and the discrepancy between the mortgages contracted and discharged is largely due to this cause.

Sums Secured, both by Lien on Wool and Mortgage of Sheep.—When any sum has been secured, both by a lien on the wool and by a mortgage of the sheep, the amount is included under the head of mortgages only—thus in 1904, the gross amount lent on liens was £669,742; but from this has to be deducted the sum of £154,519, secured both by lien on the wool and mortgage on the sheep, so that the net amount lent on lien was £515,223.

* **Discharges and Foreclosures.**—It is not compulsory to register discharges; consequently no records exist of Bills of Sale terminated voluntarily, or by seizure with Judge's order to discharge. The large discrepancy between the number "Filed" and "Satisfied" is accounted for by this fact.

All Mortgages on personalty other than Wool, Live Stock, Growing Crops, Ships, and Shipping Appliances, are filed and entered at the Supreme Court under the "Bills of Sale Act of 1898."

For particulars of Mortgages on Ships and Shipping Appliances, see Part "Shipping."

Duration of Patents.—The period for which Letters Patent remain in force varies from seven to fourteen years, generally for the latter period; a Certificate of Provisional Protection can, however, only be granted for twelve months from date of issue. A patent granted in New South Wales only protects the holder or holders within the boundaries of the State.

The Copyright Act became law on the 1st July 1879. Under the International Copyright Act, 1886, and the Orders in Council thereunder, the greater part of the body of Imperial Copyright law applicable to literary and artistic works, together with the Copyright Convention of Berne, became reciprocally applicable to Great Britain and the countries that are parties to the Convention, namely:—Great Britain with her Colonies and Possessions, France and her Colonies (including Algiers), Germany, Italy, Spain with her Colonies, Switzerland, Luxembourg, Monaco, Hayti, Belgium, Montenegro, and Tunis; consequently, it is now possible for Colonial Copyright works to receive International protection within the limitations prescribed by law. The same Act places Colonial Copyright in literary works upon the same footing as Imperial Copyright—that is to say, a work first published in a colony may by registration in such colony obtain protection throughout the British dominions. The registrations effected under the Act up to the end of 1904 amounted in number to 4,155, and the receipts to £1,346.

Duration of Copyright.—Books are protected for the natural life of the author and for 7 years after his death, or for 42 years from first publication, whichever may be the longer period; paintings, drawings, sculpture, and engravings, for 14 years; photographs, 3 years; articles composed wholly or chiefly of metal, wood, stone, cement, glass, earthenware, ivory, bone, and similar substances, 3 years; paperhangings, carpets, oilcloths, and all kinds of textile and woven articles, 2 years. To obtain the benefits of the Act in reference to designs, every article must bear the word "Registered," together with the name of the proprietor and the date of registration.

† For year ended 30th September. § This Hospital is not subsidised by the Government. ¶ The number of Head Nurses is not separately shown. ‖ During the year, 14 medical students from the Sydney University received instruction. ** Includes six temporary Nurses. * The "Dental Hospitals Union Act, 1904," united these two Hospitals on the 1st January, 1905, under the name of the United Dental Hospital of Sydney.

PUBLIC HOSPITALS.—Most of the hospitals subsidised by the Government are controlled by the Public Hospitals Act, 1898. This Act defines the procedure in the election and appointment of officers, and in all matters relating to hospital property.

PRIVATE HOSPITALS.—With the exception of the Thomas Walker Convalescent Hospital—a privately endowed and free institution—returns have not been collected from those hospitals owned by private persons and not in receipt of public subscriptions.

Railway and Tramway Employees' Hospital and Convalescent Funds.—Any Employee in the Railway and Tramway Service contributing not less than a quarter day's pay annually is entitled to all benefits during the year. Subscribers to the Hospital Fund may receive treatment at certain hospitals in cases of accidents, serious stages of illness, and operations requiring hospital treatment, and all expenses are borne by the Fund. Outdoor treatment is not entertained by this Fund. The gross amount collected on behalf of the general hospitals since the inception of the fund is £10,766. Contributors to the Convalescent Fund are entitled under certain conditions to receive admission to the Carrington Convalescent Hospital, Camden, and the Fund pays the charges as agreed upon by the hospital authorities.

No. 18.—Causes of Insanity of Patients Admitted to Hospitals for the Insane, and Licensed Houses, 1901–4.

Number of Causes of Insanity.—Number of Patients.—These "Causes" are taken from the statements in the papers received with the Patients on admission, and are verified or corrected as far as possible by the Medical Officers. The "predisposing" and "exciting" causes are both enumerated in all cases where the predominating causes could not be distinguished, so that the aggregate of the totals for each of these years exceeds the total number of patients yearly admitted.

* Very severe drought during growing season. † Not in working order for past season. Farm officially opened and first experiment planted 1st April, 1905. ‡ Saltbush for sheep fodder. § The total area of this farm is 15,000 acres, but 14,600 acres have been let for grazing purposes.

NOTE.—The above particulars are only a general indication of the operations of the Government Farms, and cannot be taken as a full representation of the work carried out on these establishments. Under the different headings of cultivation, for instance, there is an amount of experimental work on very small plots, embracing varieties of cereals, grasses, root crops, forage plants, trees, &c., too numerous to particularise here, but the details of which will be found in the Annual Report of the Department of Agriculture.

Note.—The females engaged in agriculture according to the foregoing table number 5,742, and in dairying 13,750. The great majority of these (probably 4,000 in agriculture and 10,000 in dairying) were only partly employed, the rest of their time being devoted to domestic duties. The census of 1901 shows 1,735 women engaged in agriculture and 2,285 in dairying.

Private Bores.—These bores are situated on private holdings and have been made at the sole cost of the owners. The information in the foregoing table has been obtained from the various owners and boring contractors, and not from actual measurement of the flows; in some cases, therefore, it can be only accepted as approximate.

Water Rights Act and Irrigation Trusts.—The Water Rights Act of 1902 vests the right to the use and flow of the waters in all rivers and creeks, and all large natural supplies of water in the Crown. The Act thus abolishes what is known as "riparian rights," and establishes a system of licenses for works of water conservation, irrigation, and drainage. Prior to the passing of the Act such works on creeks and rivers, constructed by private individuals, were liable to be destroyed by any person who considered their existence opposed to his interests. It is now illegal to interfere with any work for which a license has been granted. The security provided under the Act is stimulating the construction of irrigation works of a better class throughout the State, and up to the end of June, 1905, 1,391 applications for licenses have been received. Irrigation settlements have been founded at Balranald, Hay, and Wentworth, and at the latter place pumping machinery has been erected capable of supplying water to irrigate 1,500 acres. The Act also makes provision for the construction by the Crown of dams, locks, weirs, channels, or drainage works, on the petition of residents interested, who are required to pay charges, assessed by the Land Board, in proportion to the benefit received.

No. 87.—Amount of Prospecting Vote, and how allotted, 1887–1905.

Prospecting Vote.—First Year.—The sum of £7,000 was voted for prospecting for gold in 1878, and in subsequent years further small sums were at irregular intervals voted and expended. In accordance with a resolution of Parliament, a regular amount has been voted each year since 1887, during which year it was confined to searching for gold. In the succeeding year the conditions were amended so as to embrace all minerals.

No. 2.—Receipts of Sydney Branch, Royal Mint, 1855-1904.

Branches of Royal Mint.—The Sydney, Melbourne, and Perth Branches of the Royal Mint are the only institutions in existence in the British Possessions, the Mints at Calcutta and Bombay being established on a different basis. The Sydney Branch was opened on 14th May, 1855, the Melbourne branch on 12th June, 1872, and the Perth branch on the 20th June, 1899. Gold only is coined in the Branch Mints, the silver and bronze coin required for circulation in the Australasian States being obtained from the London Mint. The expenditure of the State establishments is borne by the respective Governments, the amount granted annually to the Sydney Mint by New South Wales being £15,000. The unexpended balance of this annuity is paid into Consolidated Revenue, together with the Mint Receipts.

Mint Charges.

Gold deposited at the Sydney Mint for melting, assaying, refining, and coining is subject to a charge per ounce, and the charges are deducted from the gross value of the deposit. They are—

(A) For assaying and coining.—Charge fixed by the Royal Proclamation of 17th September, 1900—1d. the ounce standard.

(B) For melting and refining.—Levied on all gold insufficiently refined and toughened for direct conversion into coin—

(*a*) A deposit of 500 ounces or under, at the rate of 3d. the ounce, gross.

(*b*) A deposit of more than 500 ounces, but not more than 1,000 ounces, at the rate of 2d. the ounce, gross.

(*c*) A deposit of more than 1,000 ounces, at the rate of 1d. the ounce, gross.

(*d*) A deposit containing more than 5 per cent. of base metal, at the rate of 1s. the ounce for all base metal contained therein, in addition to the ordinary charges for melting, assaying, refining, and coining.

The minimum charge on any one deposit is 6s., except in the case of deposits containing more than 5 per cent. of base metal, when the minimum charge is 10s. 6d.

Silver retained.—In addition to the above, the Mint authorities retain all silver contained in deposits, but payment is made for the silver in excess of 8 per cent. at a rate from time to time fixed by the Deputy Master. The rate paid from the 1st January to the 30th November, 1901, was 2s. 3d. per oz. fine; from the 1st December, 1901, to the 11th May, 1902, 2s. per oz. fine; and from the 12th May, 1902, 1s. 6d. per oz. fine.

*This represents gold received by escort at the Mint for the Sydney banks, which, after being assayed by the latter institutions, is returned for coinage; the Mint authorities are, therefore, unable to state the place of origin.

†These values are approximate only, the actual figures being unobtainable; but the totals given, namely, £836,978, £810,522, £682,986, £597,325, £586,949 and £903,288 are correct. An average price of about £3 8s. 1½d. has been assumed in arriving at the value of the gold from each district during 1904. It is probable, however, that the prices varied to some extent.

Value per ounce.—The value per ounce of pure gold (24 carat), at the mint rate of £3 17s. 10½d. per ounce for gold of standard or 22 carat fineness, is £4 4s. 11$\frac{2}{11}$d. The average value per ounce of gold referred to in the above Table is about £3 8s. 1½d., and is for rough or unrefined gold (that containing alloys).

Light Gold and Silver Coins.—Light gold coins in parcels of not less than £50 nominal value are received at the Sydney Mint and recoined free of charge, but depositors are required to bear the loss by abrasion. The worn silver withdrawn from circulation is forwarded to England for recoinage.

Seignorage.—The difference between the nominal value of silver and the average price per standard ounce paid by the London Mint represents the seignorage or gross profit. The coinage or nominal value of silver per standard ounce is 5s. 6d., and the price per ounce paid by the London Mint during 1904 averaged 2s. 2⅝d. The difference, 3s. 3⅜d., represents the seignorage accrued; against this, however, must be placed the loss to the Imperial Government by purchase of worn silver at its nominal value.

Note.—The Bank of New Zealand, the London Bank of Australia (Limited), and the English, Scottish, and Australian Bank (Limited) issue a balance-sheet annually; all the others, half-yearly.

*Includes "other liabilities" in some cases. † The deferred deposits of the old Bank, together with specially assigned assets for their redemption, have been transferred to The Special Assets Trust Company (Ltd.); the figures, therefore, embrace only the current business of the Bank. ‡ Includes Inscribed Stock Deposits and Payments to Queensland Government. § Includes Assets Realisation Board Debentures, £1,382,500.

No. 19.—Net Profits of Banks of Issue.

NOTE.—The Profit and Loss Accounts of three of the Banks whose head offices are in Sydney include "Rebate on Bills Current," but this has been struck out from the accounts as presented below. The figures are also exclusive of interest accrued on deposits, expenses of management, and taxes.

No. 20.—Deposits in Banks of Issue, 31st March, 1905.

Preferential Capital represents Fixed Deposits capitalised on and after the dates of reconstruction of the institutions. The holders of these deposits after a certain number of years become ordinary shareholders, and, with one exception, the preference, either as regards capital or dividends, ceases. (See Supplementary statement).

Inscribed or Perpetual Stocks.—Formerly the practice of issuing stocks was confined to one institution—the Union Bank of Australia (Limited); but, since 1893, the English, Scottish, and Australian Bank (Limited), the Australian Joint Stock Bank (Limited), and the Queensland National Bank (Limited), have issued Inscribed or Perpetual Stocks.

Extended or Deferred Deposits.—Under the terms of reconstruction, the eight reconstructed banks operating in New South Wales were empowered to gradually liquidate the Fixed Deposits by payments in instalments extending over a series of years. The Commercial Banking Company of Sydney (Limited), the National Bank of Australasia (Limited), and the Bank of North Queensland (Limited), have released the whole of the extended fixed deposits, and some of the other institutions have prepaid part of their deposits.

SUPPLEMENTARY STATEMENT.

Bank.	Particulars.
	PREFERENTIAL CAPITAL.
Commercial Bank of Australia (Limited)	The preferential shares have priority over ordinary shares, both as to dividends and capital, the preference being continuous in each case.
National Bank of Australasia (Limited)	The preference as regards dividends is continuous, but as regards capital it ceases after the preference shareholders have received ten half-yearly dividends of at least 7 per cent. per annum.
London Bank of Australia (Limited) ...	The preference as regards capital is continuous, but as regards dividends it ceases after the preference shareholders have received five yearly dividends of 7 per cent. per annum.
	INSCRIBED OR PERPETUAL STOCKS.
Australian Joint Stock Bank (Limited)...	Interest 3½ per cent. per annum, to be increased to 4½ per cent. if profits allow. Repayable at option of Bank after 1907, on six months' notice being given.
Queensland National Bank (Limited) ...	Interest 3½ per cent. per annum. Redeemable out of surplus profits on six months' notice being given. Principal immediately repayable if interest not paid, or Bank wound up.
Union Bank of Australia (Limited) ...	Inscribed Stock Deposits ... These are on the same footing as the ordinary fixed deposits.
English, Scottish, and Australian Bank (Limited).	Two classes of perpetual stocks are in existence, viz., 4 per cent. Debentures and 4½ per cent. Inscribed Stocks. The 4½ per cent. Inscribed Stock is divided into preferred and deferred, the former bearing a fixed rate of 3 per cent., and the latter a dividend of 3 per cent. from the profits (if any), and, if earnings allow, 4½ per cent. after placing £15,000 annually to Reserve Fund. The Deferred Inscribed Stock ranks after the Preferred Inscribed Stock, and both of these after the Debenture Stock, Terminable Deposits, and New Fixed Deposits.

Bank Note Composition.—Prior to the passing of the Bank Notes Act of 1893, the composition payable by the Banks of Issue under the Stamp Duties Act of 1880 was at the rate of 2 per cent. per annum on the average value of notes in circulation, but under the provisions of the Act mentioned, the rate was increased to 2½ per cent. per annum. As the Bank Notes Act lapsed in November, 1895, the composition paid since that date was charged at the old rate of 2 per cent. per annum. The Queensland National Bank (Limited), the Bank of North Queensland (Limited), and the Bank of New Zealand have no note circulation in New South Wales.

Note.—The Banks' Exchange Settlement, or Bankers' Pool, was established on the 18th January, 1894, in order to facilitate the settlement of exchange of notes, cheques, &c., between the 13 banks of issue transacting business in New South Wales. The "Pool" consists of £700,000 in gold, the contribution to which by each bank is regulated by the volume of the business transacted. The gold, which is placed in the hands of three Trustees, is deposited in safes in the vaults of three of the banks, and cannot be circulated or disturbed. No bank is permitted to allow its daily credit balance to fall below 25 per cent. of its fixed contribution to the £700,000.

No. 25.—Liabilities and Assets of Registered Companies receiving Money on Deposit, June quarter, 1905.

Companies furnishing Quarterly Returns of Local Assets and Liabilities.—Since 1841 the Banks of Issue have been obliged to furnish quarterly returns of local Assets and Liabilities; but it was not till 1879, under an Act passed in that year, that other registered Companies receiving money on deposit in New South Wales were required to furnish quarterly statements similar to those of Banks of Issue.

The twelve Companies which furnished quarterly statements, and which are included with the 886 Companies mentioned in Table No. 26, practically represent all the institutions which are dependent on outside capital, exclusive of the few established prior to 1879.

Companies not furnishing Quarterly Returns of Local Assets and Liabilities.—Companies formed prior to 1879, and receiving money on deposit, are not required to furnish quarterly statements of local Assets and Liabilities. The number of such, however, is very small. Registered Companies which do not receive money on deposit are not subject to the provisions of the Act which requires the publication of the Quarterly Returns.

No. 26.—Registered Companies under the Companies' Act (No. 40, 1899) on 31st December, 1904.

Returns furnished to the Registrar of Joint Stock Companies.—Each incorporated Company, registered under the Act, is required to furnish to the Registrar, at least once a year, particulars as to the number of shares, amount of calls, &c.

Membership.—Companies having less than 7 members cannot be incorporated under the Companies' Act, but 7 or more persons may associate for any lawful purpose, and form themselves into an incorporated company with or without limited liability.

Compulsory registration of Companies.—No Company or Association exceeding 20, except a Banking Company, in which case the limit is 10, having for its object the acquisition of gain, can be formed without being registered under the Companies' Act, or some Special Act.

Limited Companies.—The liability of the members of a Company is limited to the amount of unpaid shares (issued) respectively held by them, or to such amount as the members may respectively undertake by the memorandum of association to contribute to the assets of the Company in the event of its being wound-up. In the event of a Company winding-up, no past member who had ceased to be a member for a year or upwards prior to the commencement of the winding-up, is liable to contribute to the assets of the Company.

Number and Capital of Limited Companies.—On the 31st December, 1904, there were 886 of these companies in existence, having an aggregate nominal capital of £43,750,800.

Note.—Some of the Companies fail to furnish the particulars required by the Companies' Act. Any tabulations relating to them would therefore be incomplete.

The Registration Fees payable are stated in Table B of the 2nd Schedule of the Consolidating Act No. 40, 1899. The fees prescribed in this Table apply to Companies having a capital divided into shares, and to Companies not having the capital divided into shares. The minimum and maximum charges for registration of a company are respectively £5 and £50 for the former, and £2 and £20 for the latter companies.

Companies registered outside New South Wales.—The provisions of the Companies' Act do not apply to companies registered outside New South Wales but operating in the State; such Companies may, however, be registered under the Act for the purpose of winding-up and adjusting financial operations within New South Wales.

No. 28.—Registered Companies, on 31st December, 1904.

No-Liability Mining Companies.—The first Act for the regulation of these Companies (44 Vic. No. 23) was passed in March, 1881, and continued in force till the 2nd October, 1896, on which date the "No-Liability Mining Companies Act" (60 Vic. No. 15) was passed, and all subsequent transactions were subject to the new provisions. The latter has now been superseded by Act, No. 40, 1899, which consolidates all previous enactments relating to Companies. It provides in section 203 that an annual balance-sheet shall be filed with the Registrar of Joint Stock Companies. The memorandum of association must be signed by not less than seven intending members. The acceptance of a share or shares in these Companies does not render a person liable to pay contributions or calls thereon. No dividends, however, are payable upon any share on which a call is due and unpaid, and shares upon which a call has remained unpaid fourteen days after it is due become absolutely forfeited thereby, without any other proceeding being necessary.

Companies operating outside New South Wales.—Under the old Act, Companies whose places of operation (or mines) were outside New South Wales could not register in the State. Under the new Act this has been altered, and Western Australian and other mining Companies are now being registered in New South Wales.

Fees.—The fee for registration under the Act is £1.

Deposits and Interest allowed.—Sums to any amount from one shilling may be deposited in the Savings Bank of N.S.W., but with the exception of the funds of Friendly Societies, Charitable and other Public Institutions, deposits exceeding £200 do not bear interest on such excess. The bulk of the deposits of over £200 probably belongs to the Institutions referred to. The rate of interest on accounts closed during 1904 was 3½ per cent. per annum, while on accounts remaining open on 31st December, 1904, 4 per cent. was allowed.

Benefit Building and Investment Societies.—These societies are registered under the Building and Co-operative Societies Act, 1901 (No. 17, 1902), which consolidated the law relating to societies formerly registered under the Friendly Societies Act of 1873. Under the provisions of the existing Act, any number of persons may form themselves into and establish societies for the purpose of raising money by subscription to enable members to erect or purchase dwellings, &c., which must be secured to the society by mortgage until the amount of shares has been fully paid. The rules of the society must be signed by three of the intending members, and the Secretary or other officer, before the institution can be registered.

Return of Net Risks under Fire Brigades Act.—Under the 22nd Clause of the Fire Brigades Act, 1902, the Insurance Companies holding risks within the proclaimed area under the Fire Brigades Board of Sydney are required to furnish annually to the Board the amount held at risk (within the proclaimed area) by each Company on the preceding 31st December, less the sums reinsured with other contributing Companies under the Act. The total contributions to be levied for 1905 are £14,300, from 42 Companies, the amount contributed by each Company towards the cost of maintenance for the year being established by the Board from the returns supplied by the Companies. A similar amount to that contributed by these Companies is also paid both by the Government and the Municipal Councils within the area under the jurisdiction of the Board.

Other Lines.—In addition to the above there are several branch lines connected with the coal and other mines in the State, but as regards length they are unimportant. During 1890, legislative sanction was obtained for the construction of a private line from the flux quarries at Tarrawingee to the tramway system of the Broken Hill mines, a distance of 40 miles 7 chains. Recently authority was given by Parliament for the purchase of the line for the sum of £15,000. During 1901 the purchase was completed, and the Railway Commissioners entered into an agreement with the Silverton Tramway Company for the latter to work the line during the next five years, paying 3 per cent. per annum on the capital outlay to the former for the concession.

Private Railways under Construction.—During 1893 authority was obtained for the construction of two private lines, viz., Menindie to Broken Hill, in the Western District, and Rosehill to Dural (Simpson's), in the Parramatta District. The latter was opened for traffic, under the control of the Railway Commissioners (the Government having purchased it), on the 1st August, 1901, as far as Carlingford, a distance of 4 miles 41 chains. The total length of the line when completed will be 9 miles.

Standards.—The Weights and Measures Consolidation Act (No. 19 of 1898) repealed the original Acts (3 Wm. IV. No. 4, and 16 Vic. No. 34). Under the provisions of the existing Act, the standard Imperial Weights and Measures of Great Britain are declared to be the standards for New South Wales. The Act also provides that all articles sold by weight must be sold by Avoirdupois, except gold, silver, platina, diamonds, or other precious stones, which are to be sold by Troy weight, and drugs, which, when sold by retail, may be sold by Apothecaries' weight.

Inspectors.—The Inspectors of Weights and Measures administer two Acts, viz., the Bread Act (No. 35, 1901) and the Weights and Measures Act (No. 19, 1898). The Sydney Coal Delivery Act (No. 65, 1901) only applies within the Metropolitan District to a radius of 5 miles from Macquarie-place. All inspectors must be appointed by a Bench of Magistrates. In the country districts the persons selected are generally Sergeants of Police, who, however, are not subject to any control beyond the provisions of the Weights and Measures Act, and consequently no records are available as to material dealt with.

Fees paid into Treasury.—The fees for testing weights and measures are fixed by the Act, but for examining scales and testing weighing machines, weighbridges, and Troy weights the fees are fixed by the Under Secretary for Finance and Trade. The amounts received in the Metropolitan area are paid into the Treasury, but those collected in the country are retained by the inspectors.

Prosecutions.—The prosecutions in the Metropolitan area during 1904 by the inspector numbered 42, of which 36 were instituted under the Weights and Measures Act, and 6 under the Bread Act. The total amount of fines and costs of Court during the year was £272.

***Coal Mines Regulation Act (60 Vic. No. 12).**—Under the provisions of clause 42 of this Act, the inspectors of weights and measures under Act 16 Vic. No. 34 must examine all weights, scales, balances, &c., used in coal mines, at least once in every six months.

No. 5.—Particulars of Auction and Other Sales.

Forms of Alienation.—Crown Lands may be acquired by (1) Auction Sale and after Auction, (2) virtue of Improvements, (3) Special Purchase, (4) virtue of Volunteer Land Orders, (5) Exchange, (6) Dedication, (7) Conditional Purchase, and (8) Homestead Selection.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Minimum Price.	Remarks.
AUCTION SALES.—Payment to be completed within three months.				
Eastern, Central, Western.	Act 1884, sections 61 and 62.	Town lots, ½-acre; Suburban lots, 20 acres; Country Lots, 640 acres.	The upset price is fixed by the Minister for Lands, but is limited by law at not less than £8 per acre for Town, £2 10s. for Suburban, and 15s. for Country lots. Twenty-five per cent. of the purchase money must be paid at the time of sale, and the balance within three months, otherwise the sale may be declared void and the deposit forfeited.	Crown Lands not exceeding 200,000 acres in the aggregate for the whole Colony may be sold by auction annually. Town and Suburban Lands are areas within the boundaries proclaimed Town and Suburban Boundaries. Areas outside these limits are treated as Country lands.
AUCTION SALES.—Deferred Payment system.				
Eastern, Central, Western.	Section 61 of the Act of 1884 & Balances Act of 1887.	Town Lots, ½-acre; Suburban Lots, 20 acres; Country lands of a less area than 40 acres.	The Minister for Lands may make special terms of payment, but the minimum price for each class of land must not be less than that given above, and in every case a deposit of 25 per cent. must be paid at the time of sale.	Deferred payments bear interest at the rate of 5 per cent. per annum. The time fixed for the final payment must not in any case exceed five years from date of sale.
AFTER AUCTION SALES.				
Under section 56 of the Crown Lands Act of 1895 provision is made for the sale of Town and Suburban land, and land within Population Areas, and Country lands of a less area than 40 acres, which may have been offered for sale by auction and not sold. The price and terms of payment shall be the same as those attached to the last offer by auction. The granting of such applications is optional with the Minister.				
IMPROVEMENT PURCHASES.				
Eastern, Central, Western.	Act of 1884, section 46.	Inside Town Boundaries, ¼-acre; Outside Town Boundaries, maximum 1 acre. Applications made prior to the Act of 1884 becoming law are dealt with under the Act of 1875, under which the maximum area available for purchase was 640 acres.	£8 per acre for Town Land, £2 10s. per acre for Suburban or other land, or £2 10s. for any area less than 1 acre.	Persons who, by virtue of Miners' Rights or Business Licenses issued under the Mining Act, are in authorised occupation of, and reside on land within a proclaimed gold-field may, in consideration of improvements of a minimum value of £8 per acre for Town, and £2 10s. for Suburban and Country lands, purchase the land without competition, at the price to be fixed by the Local Land Board.
SPECIAL PURCHASES.				
Eastern, Central, Western.	Act of 1884, sections 63 to 68.	Not fixed	As regards sections 63 and 66 minimum upset auction prices of each class of land; for sections 64 and 67, no minimum.	Crown Lands to which no way of access is attainable, or which are insufficient in area for Conditional Purchase, or are situated between granted land and a street which forms, or should form, the way of approach to such granted land, may be sold to the holder in fee simple of the adjacent lands upon the recommendation of the Minister or Land Board, without competition. Reservations of water frontage may be rescinded, and the land sold without competition to the owner of the adjoining land. Permission may be given to the owner of freehold land having water frontage to reclaim land below high-water mark, which land may then be sold to him without competition. Unnecessary roads may be sold without competition to the owners in fee simple of the adjoining land. In all of these cases the price is fixed by the Land Board.
VOLUNTEER LAND ORDERS.				
Eastern, Central.	Act of 1884, section 22.	50 acres	....	Any person who was enrolled as a Volunteer between January, 1868, and April, 1878, and underwent five years continuous training, was entitled to a free grant of 50 acres of Crown Lands open for Conditional Purchase. These Orders could be transferred by the holder.
DEDICATIONS FOR PUBLIC PURPOSES.				
Eastern, Central, Western.	Act of 1884, sections 104 to 106, "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).	The Governor may, by notice in the *Government Gazette*, dedicate Crown Lands for any public purpose set forth in section 104 of the Act of 1884, and the "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).		
DEDICATIONS FOR RELIGIOUS PURPOSES.				
Eastern, Central, Western.	By a resolution of the Legislative Assembly of 11th May, 1880, this form of dedication was discontinued. Those lands dedicated subsequent to that date were in pursuance of promises previously made.			
EXCHANGES.				
Eastern, Central, Western.	Act of 1889, section 46. Act of 1895, section 47.	.....	Transactions under this head are chiefly confined to land, being exchanged for land without any monetary consideration.	The Governor may, after inquiry and report by the Land Board, accept from the holder the surrender of any land for which he holds or is entitled to demand a Grant, and may grant him in exchange an equal area of Crown Land. The Governor may, after similar inquiry and report, acquire by purchase or exchange land held under any tenure, which may be required for purposes of access or approach to any natural water, tank, dam, or any like purpose. The land exchanged must be of equal value.

No. 16.—Particulars relating to Conditional Purchases and Homestead Selections.

Land available for Conditional Purchase.—Lands held under the following forms of lease are not available for conditional purchase:—leases to outgoing pastoral lessees, conditional, scrub, snow-land, special, inferior, residential, mineral, and auriferous; also, the area in the Western Division is not available for ordinary conditional purchase. The only lands that can be conditionally purchased are the unoccupied lands outside reservations and areas under occupation license and annual lease in the Eastern and Central Divisions, and lands under conditional lease, if not within reserves, may be applied for as conditional purchases by the holders thereof.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Price.	Remarks.
		CONDITIONAL PURCHASES—Ordinary Residential.		
Eastern ..	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884, including Act of 1895.	Maximum area, 640 acres; minimum area, 40 acres. The maximum can, however, be increased to 1,280 acres by converting a conditional lease into an additional conditional purchase.	£1 per acre—2s. per acre deposit, payable on making the application, and after an interval of three years, during which period no payment is required and interest is not charged, the balance, together with interest at the rate of 4 per cent. per annum, is payable by annual instalments of 1s. per acre. The whole of the balance may be paid at selector's option, if he has obtained a certificate of conformity, after a continuous residence of five years from date of application in the case of selections made prior to the Act of 1895, or after ten years if subsequent thereto. The survey fee, according to prescribed scale, must be paid at the date of selection.	The holder of an ordinary residential conditional purchase is entitled to a conditional lease up to three times the area of his other conditional purchase, provided that the total area, including the portion leased, does not exceed 1,280 acres. Under section 29 of the Act of 1895 the term of residence in connection with a new conditional purchase or a new additional conditional purchase in virtue of a conditional purchase under the repealed Acts or even under the Act of 1884 is increased to ten years from the date of application. Exceptions as to residence are detailed in section 30 of the Act of 1895. Under the Conditional Purchasers' Relief Act, 1896, a resident conditional purchaser may, in certain circumstances, reduce his annual instalment of 1s. to 9d. per acre, and in some cases to 6d. an acre.
Central ..	do ..	Maximum area, 2,560 acres; minimum area, 40 acres.	do do ..	The same provisions regarding a conditional lease as in the Eastern Division, excepting that the total maximum area is 2,560 acres.
		CONDITIONAL PURCHASES—Classified Areas.		
Eastern, Central.	Act 1899 .... do	Maximum and minimum areas same as for ordinary residential conditional purchases.	At such prices as specified in the notification, whether below £1 per acre or not. One-tenth of purchase money is payable on application, and each of the annual instalments (the second and subsequent of which shall include interest at the rate of 4 per cent. per annum on the balance of purchase money) shall be 5 per cent. of the price of the land.	Similar to those relating to an ordinary residential conditional purchase.
		CONDITIONAL PURCHASES—Ordinary Non-Residential.		
Eastern, Central.	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884.	Maximum area, 320 acres; minimum area, 40 acres.	The price per acre, deposit, and all subsequent instalments are double those prescribed for ordinary residential conditional purchases. The survey fee is the same as that for ordinary residential conditional purchases.	A non-residential conditional purchase does not entitle the holder to a conditional lease, and debars him from selecting at any future time.
		CONDITIONAL PURCHASES—Special Areas outside Population or Suburban boundaries.		
Eastern ..	Acts of 1884 and 1889.	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 320 acres.	Thirty shillings per acre and upwards, the price being fixed by proclamation in the *Government Gazette*. One-tenth of the purchase money is payable on application, one-twentieth at the expiration of three years, and a similar amount each year subsequently until the balance of the purchase money, with interest at 4 per cent., has been paid.	This system was first introduced under the Act of 1884. The conditions to be fulfilled are similar to those of the ordinary conditional purchase. No conditional leases can be taken up in special areas, and no conditional lease of ordinary Crown Lands can be acquired by virtue of a conditional purchase within a special area.
Central ..	do ..	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 640 acres.	do do	The same provisions as in the Eastern Division, with the exception that a conditional lease of ordinary land can be taken up by virtue of a conditional purchase within a special area.
		CONDITIONAL PURCHASES—Special Areas within Population or Suburban boundaries.		
Eastern, Central.	Act of 1889 ..	Maximum and minimum areas are specified in the proclamations.	The conditions of payment are specified in the proclamations.	Conditions as to residence, fencing, and other improvements are specified in the proclamations. Any lands within population or suburban boundaries which have been proclaimed special areas are available for special area conditional purchase.

HOMESTEAD SELECTIONS.			
Division.	Authority.	Limit of Area.	Conditions.
Eastern, Central.	Act of 1895	Fixed according to capabilities of land for the maintenance of one family, but no selection must exceed 1,280 ac.	The applicant may take possession immediately after lodging his application, but shall commence to reside on the selection within three months after the confirmation of the application, and thereafter continue for the first five years. The annual rent shall equal 1½ per cent. of the capital value during the first five years. At the expiration of that period a grant is issued, transferring the land in perpetuity to the lessee, on the payment annually of a rent equal to 2½ per cent. of the capital value. Provision is made for a revaluation of the selection by the Government every ten years. An applicant may appoint a deputy to fulfil the residential conditions during the five years prior to the issue of the grant, subject to the approval of the Local Land Board, but the applicant will be required to pay an annual rent equal to 3½ per cent. on the capital value during the before-mentioned period and effect greater improvements, but on issue of grant his residence on the selection must be continuous for such period, not less than 7 months in each year, as may be determined by the Governor.

Decisions of Supreme Court.—At the close of the year 1903 one case remained with the Land Appeal Court for settlement of terms of special case for the decision of the Supreme Court. This case was forwarded to the Supreme Court and was dealt with by that Court, with the result that the Land Appeal Court reversed its former decision.

During the year 1904, the Land Appeal Court was asked to state special cases for the decision of the Supreme Court in ten cases. Of these, one was stated and sent on, and the questions submitted by the Land Appeal Court elicited answers from the Supreme Court which resulted in the decision of the former Court being confirmed; two were withdrawn; three have been stated and sent on to the Supreme Court; three remain with the Land Appeal Court for settlement; and in the other, the Land Appeal Court declined to state a case.

No. 29.—Particulars relating to Occupation.

Forms of Lease under Land Acts.—Prior to the 1884 Act the only forms of lease granted were Pastoral, Annual, Special, and Pre-emptive. Under the 1884 Act provision was made for each of these forms of lease to be continued except the pre-emptive, which was abolished. Under the same Act, Occupation Licenses, Conditional and Homestead Leases were established. The supplementary Act of 1889 provided for five additional forms of Lease, which were as follows, viz. :—Scrub, Snow Land, Artesian Well, Residential, and Inferior Land, and under the Act of 1895 two other forms of Lease were added, viz. :—Settlement Leases for Agriculture and Grazing and Improvement Leases.

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
PASTORAL LEASES.			
Eastern, Central, Western.	Eastern Division—Leases expired, 1890. Central Division—10 years currency from 1885 ; leases expired 1895. Under the 18th Section of the Crown Lands Amendment Act, 1903, leases to outgoing pastoral lessees were granted for periods up to 28 years. Western Division—15 years currency (1884 Act) ; 21 years currency from 1890 (1889 Act). In both cases the term has by the Act of 1895 been extended to 28 years. If the pastoral lease is brought under the provisions of the Western Lands Act of 1901, it expires on 30th June, 1943.	No limit fixed ..	Areas under pastoral lease are exempt from conditional or other sale or any form of lease. In the case of leases in the Central Division the Minister may, by virtue of section 3, Act of 1895, withdraw one-half the area held under lease so as to provide for settlement, and by way of compensation an extension of lease is granted for remainder. In the Western Division a similar provision exists, except that the area withdrawn must not exceed one-eighth, and the extension of the term must not exceed six years. Under the Western Lands Act of 1901, this form of lease ceased and the provisions only apply to existing leases.
OCCUPATION LICENSES.			
ORDINARY.			
Eastern, Central, Western.	From January to December—Renewal is subject to payment of license fee. If the occupation license is brought under the provisions of the Western Lands Act, 1901, it expires on 30th June, 1943.	No limit fixed ..	Lands held under occupation license, unless reserved from sale, are available for conditional purchase or conditional lease in the Eastern and Central Divisions. In the Western Division, under the Western Lands Act of 1901, this form of license ceased and the provisions only apply to existing licenses.
PREFERENTIAL.			
Eastern, Central.	Do do do ..	No limit fixed ..	Under the 33rd section of the Lands Act of 1883, the holder of a pastoral lease in the Eastern Division, and under section 4 of the Act of 1895 the holder of a pastoral lease in the Central Division, has a preferential right to an occupation license over the area hitherto held by him under pastoral lease. This privilege has been extended by the Act of 1895 to cases where land is withdrawn for purposes of settlement from land held under pastoral lease in the Central or Western Division. Other conditions are similar to those of ordinary occupation license.
HOMESTEAD LEASES.			
Western ..	Fifteen years currency from 1885 (1884 Act); 21 years currency from 1890 (1889 Act) ; 28 years by Act of 1895. If the homestead lease is brought under the provisions of the Western Lands Act, 1901, it expires on 30th June, 1943.	Maximum, 10,240 acres; minimum 2,560 acres. Under section 34, Act 1889, the minimum area can be reduced to 640 acres.	Under the Western Lands Act of 1901, this form of lease ceased and the provisions only apply to existing leases.
CONDITIONAL LEASES.			
GAZETTED.			
Eastern, Central.	Under 1884 Act, 15 years from confirmation; under 1889 Act, 15 years from date of application, extended in both cases to 28 years by Act of 1895.	Area cannot exceed three times the area of conditional purchase, and cannot be less than 40 acres. In the Eastern Division the total area conditionally purchased and conditionally leased must not exceed 1,280 acres, and in the Central Division 2,560 acres.	Lands in the Eastern and Central Divisions available for ordinary conditional purchase are open for conditional lease. A conditional lease, even of ordinary lands, cannot be taken in virtue of a special area conditional purchase in the Eastern Division. This limitation does not, however, apply to the Central Division. Land in the Western Division is not now available for conditional lease. The conditional leases existing in the Western Division are pre-emptive leases converted into conditional leases under the Act of 1884.
UNCONFIRMED (not Gazetted).			
Eastern, Central.	Do do do ..	do do ..	Under the 1889 Act unconfirmed conditional leases are subject to a provisional rent of 2d. per acre.
ANNUAL LEASES.			
Eastern, Central, Western.	From January to December of each year.	Area cannot exceed 1,920 acres.	Lands held under annual lease are available for auction sale, conditional purchase, conditional lease, in the Eastern and Central Divisions, and snow land lease in the Eastern Division.

No. 29.—Particulars relating to Occupation—*continued.*

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
Settlement Leases for Agriculture and Grazing (Under Land Act of 1895).			
Eastern, Central, Western.	Lease for 28 years, Act 1895.	Area not more than 1,280 acres for agriculture, and not more than 10,240 acres for grazing and agriculture combined.	The land must, in the first instance, be set apart for this purpose. Lessee shall reside on farm, and make it his *bonâ fide* home. Last holder shall have tenant-right in improvements. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
Improvement Leases (Under Land Act of 1895).			
Eastern, Central, Western.	Lease for 28 years and under, Act 1895. Improvement Leases within the Western Division brought under the provisions of the Western Lands Act of 1901 expire on 30th June, 1943.	Area not more than 20,480 acres.	Scrub and inferior land leases granted under the principal Act may be extended to a term not exceeding 28 years. Lessee shall have tenant-right in improvements. These leases may be sold by auction, or offered by tender. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
Scrub Leases (Under Land Act of 1889).			
Eastern, Central, Western.	Twenty-one years and under, commencing from date of notification in *Government Gazette*. By sec. 26 of the Act of 1895, the period may be extended to 28 years. Scrub leases within the Western Division brought under the provisions of the Western Lands Act of 1901 expire on 30th June, 1943.	No limit fixed	Scrub leases may be obtained for lands already held under other forms of lease or license, the area under scrub lease, however, being withdrawn from other tenure. A pastoral or homestead lessee is not allowed to hold a scrub lease, except within the land held under lease by himself. Last holder may be granted tenant-right in improvements. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
Snow Land Leases (Under Land Act of 1889).			
Limited by climatic conditions	Seven years (with possible extension of three years), commencing from date of notification in *Gazette*.	Maximum, 10,240 acres; minimum, 1,280 acres.	Lands held under pastoral or conditional leases are exempt, but areas under occupation license or annual lease are open to this form of lease.
Special Leases (Under Land Act of 1889).			
Eastern, Central, Western.	Twenty-eight years and under, commencing from date of notification in *Government Gazette*.	Not to exceed 320 acres ..	These leases are granted for lands used for industrial and commercial purposes; chiefly, however, for the former. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
Inferior Land Leases (Under Land Act of 1889).			
Eastern, Central, Western.	Twenty years and under, commencing from day of sale or notification of acceptance of tender. The time of currency may be extended to 28 years under the Act of 1895. Inferior Lands Leases within the Western Division brought under the provisions of the Western Lands Act of 1901 expire on 30th June, 1943.	No limit fixed	Vacant lands of an inferior nature, or in isolated positions, in any Division, are available. Last holder may be granted tenant-right in improvements. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
Artesian Well Leases (Under Land Act of 1889).			
Western ..	Subject to circumstances..	Not to exceed 10,240 acres. Only one area may be leased out of each 64,000 acres under occupation license, and not more than 3 areas out of the same occupation license.	Under the Western Lands Act of 1901 this form of lease ceased, and the provisions only apply to existing leases.
Leases of Crown Lands in Western Division (Under Western Lands Act, 1901).			
Western ..	Until 30th June, 1943 ..	Area and rent determined by Minister on recommendation of Commissioners.	Application, accompanied by deposit of 20 per cent. on first year's rent, to be made to Commissioners, who shall, in the event of there being more than one for the same land, recommend a lease to such applicant as they consider most entitled to it.
Residential Leases on Gold and Mineral Fields (Under Land Acts of 1889 and 1895).			
Eastern, Central, Western.	Fifteen years and under, commencing from date of notification in *Government Gazette*.	Not to exceed 20 acres ..	Leases within proclaimed gold or mineral fields are granted to holders of miners' rights or mineral leases only. Last holder shall have tenant-right in improvements.

Mineral and Auriferous Leases (Issued by Mines Department). For particulars, see Part "Agriculture."

The original area of the Church and School estate was 443,486 acres, of which 161,182 acres have been alienated in fee, leaving a balance of 271,740 acres brought under the operation of the Act for leasing purposes. Recent surveys indicate, however, that the area within the boundaries of the several estates as computed, not surveyed, is 282,304 acres, and after making allowance for 60,911 acres converted into holdings under the Crown Lands Acts, an area of 163,095 acres is shown to be not held under lease on the 31st December, 1904.

No. 42.—Court of Claims.

Prior to 1831 all grants of public land were made upon the sole authority of the Governor. After that date all public lands were directed to be sold. The so-called "grants" issued prior to 1831 were only promises of grants, giving authority to take possession of the land, but not conferring any title in law. In 1833 an Act was passed (4 Wm. IV No. 9) appointing and empowering three or more Commissioners to hear and determine claims to grants of land. This Act was limited to two years' operation, but in 1835 was made perpetual by Act 5 Wm. IV No. 21, which has been repealed and superseded by Act 17 of 1898. No deeds were issued during 1904, and no claims were dealt with by the Court during that year.

* This total of 119,327,150 acres is that obtained from the returns of occupiers of land. According to the Lands Department, the total area of Crown Lands leased (excluding mining leases) on 31st December, 1904, was about 123,265,262 acres. The latter figures are, however, in excess of the actual area leased—probably by about 3 million acres—owing to the fact that portions of land held under one form of lease, and in respect to which application has been made for transfer to another form, appear under both forms pending consideration of the application. This allowance reduces the area actually under lease to about 120¼ million acres, the difference representing the area abandoned or for which no returns could be obtained.

† Area in respect of which leases under the Western Lands Act of 1901 have not issued.

‡ Part of county in the Western Land Division.

Note.—Large holdings extending into more than one county are returned in the county where the homestead is situated.

NOTE.—All Religions in New South Wales are upon an equal footing, and there is no Established Church in the State.

Previous to the year 1836 the Church of England alone was in receipt of monetary assistance from the Government, but an Act was passed in that year by which State aid was tendered to other denominations, but it was declined by all except the Church of England, Roman Catholic, Presbyterian, and Wesleyan Methodist.

During 1862 Parliament prohibited by Statute the granting of public money in aid of Public Worship, and confined future grants only to the 152 Ministers who were then in receipt of stipends. The salaries of Ministers who are temporarily absent from the State are not paid during that period by the Government. Ministers of Religion may receive salaries from the Government when holding positions as Chaplains to Hospitals, Government Charitable Institutions, and Penal Establishments, but the amounts paid for these services are excluded from the above table.

No. 4.—Celebration of Marriages.—Ministers of Religion registered for the celebration of Marriages in New South Wales, 1896–1905.

Celebration of Marriages.—Ministers of Religion are not empowered to celebrate Marriages unless their names, designations, and residences have been and are registered by the Registrar-General.

The names of Ministers licensed for the celebration of Marriages are published in the *Government Gazette.*

No. 6.—Church of England—Special Returns of the Church of England for the year ended 31st March, 1905.

Jurisdiction.—The first clergyman of the Church of England landed in Sydney in 1788. In 1825 an "Archdeacon of Australia" was appointed within the jurisdiction of the Bishop of Calcutta. The first "Bishop of Australia" was consecrated in 1836, and the one Diocese included Tasmania and New Zealand. In 1841 New Zealand was made a separate Diocese, and in 1842 the Diocese of Tasmania was formed. In 1847 the Diocese of Australia was subdivided, and the Dioceses of Sydney, Newcastle, Melbourne, and Adelaide were formed, and the then Bishop of Australia was appointed Bishop of Sydney and Metropolitan. In 1872 the Bishop of Sydney was created Primate of the Dioceses in Australia and Tasmania, and in 1897 consecrated Archbishop of Sydney. The following are the Dioceses in the province of New South Wales, with the dates of foundation:—Sydney, 1847; Newcastle, 1847; Goulburn, 1863; Grafton and Armidale, 1867; Bathurst, 1869; Riverina, 1884.

Provincial and General Synods.—Each Diocesan Synod elects from its members an equal number of Clerical and Lay Members to the Provincial Synod of New South Wales, which meets once in three years, and also Clerical and Lay Representatives to the General Synod of the Dioceses of Australia and Tasmania, which meet once in five years under the presidency of the Archbishop of Sydney as Primate.

Diocesan Synods.—In 1866 a conference of Bishops of the Dioceses in New South Wales, together with Clerical and Lay Representatives from each Diocese, was held for the purpose of drawing up Constitutions for the management and good government of the Church, and, legislative sanction having been obtained, the Bishop of Sydney summoned the first Synod of the Diocese of Sydney to meet in December of the same year. Synods meet annually in each Diocese, and exist for three years.

The Australian College of Theology.—This college has been founded in order to "foster and direct the systematic study of Divinity, especially among the Clergy," and consists (1) of the Bishops of the Diocese in Australia and Tasmania; (2) of Fellows, viz., Licensed Clergymen having an University or Lambeth Degree of Doctor in Divinity; Clergymen holding the certificate of Fellowship (Th. Soc.), and until there are twelve Fellows holding this certificate, "such other persons, being learned in theology, as a majority of the Bishops shall concur in recommending."

Moore Theological College.—This college was founded in 1856. It was originally carried on at Liverpool; but in 1889 the college was transferred to Sydney. New buildings, erected close to St. Paul's (Affiliated) College and the University, were opened August, 1891. The course of study extends over three years, except for University graduates, from whom only one year's residence is required. Certain students are permitted to be non-resident.

St. Paul's College.—This college is affiliated with the University of Sydney. The Act of Incorporation vests the government in a council consisting of a Warden and eighteen Fellows, the Warden and six Fellows being Clergymen of the Church of England. The Archbishop of Sydney is Visitor of the college. All students must matriculate and attend lectures in the University.

Day Schools.—For Return of Church of England day schools, see Part III—Education, Science and Art.

*The Committee appointed by the Synod for providing special religious instruction in the public schools of the Diocese of Sydney report that in 1904-5 schools taught numbered 232. There were 9 paid teachers, who taught 160 classes. The average numbers of children under instruction during the year were—boys, 7,217; girls, 6,185; mixed, 12,639; total, 26,041, in addition to nearly 2,500 receiving daily religious instruction in Church of England Schools.

No. 7.—Roman Catholic Church.—Special Returns of the Roman Catholic Church for the year ended 31st December, 1904.

Jurisdiction.—The Roman Catholic population of Australia and adjacent islands was, until 1834, under the jurisdiction of the Bishop of Mauritius; but in that year Sydney was constituted a See, which included within its jurisdiction the whole of Australia and Tasmania, the Bishop of which bore the title of Vicariate-Apostolic of New Holland. In 1842 Pope Gregory XVI gave a canonical form to Church government by establishing a hierarchy, raising the Vicar-Apostolic to the rank of Archbishop, with Bishops of Hobart and Adelaide as Suffragans. The State of New South Wales forms the Province of Sydney, which has been from time to time subdivided, and now comprises an Archdiocese (Sydney), and six Dioceses, namely, Maitland, Goulburn, Bathurst, Armidale, Wilcannia, Lismore. In 1885 the occupant of the Archiepiscopal See was created a Cardinal. Since the 15th August, 1901, the Cardinal has been assisted by a Coadjutor Archbishop.

St. Patrick's Ecclesiastical College, Manly.—This college is destined exclusively for the education of aspirants to the ecclesiastical state. Candidates for admission are required to present satisfactory testimonials from the parochial clergy and from the superiors of schools or colleges where they may have studied.

St. John's College.—This college is affiliated with the University of Sydney.

No. 8.—The Methodist Church of Australasia, New South Wales Conference—Special Returns for the year ended 30th September, 1904.

Constitution.—The government of the Methodist Church in New South Wales is vested in the Annual Conference of clerical and lay representatives under the chairmanship of a President elected from its members. Representatives are appointed from the Annual Conference to the General Conference, which assembles once in three years, or at other intervals, as may be arranged.

The districts in New South Wales, with the number of Circuits to each, are as follow :—Sydney, 29 ; Parramatta, 10 ; Illawarra, 10 ; Bathurst, 26 ; Maitland, 17 ; Armidale, 11 ; North Coast, 11 ; Goulburn, 10 ; Riverina, 14.

At the Provisional Theological Institution students in training for the Ministry undergo a three years' course of study. A committee, consisting of Ministers and lay gentlemen, are appointed to manage the affairs of the Theological Institution.

Union of Churches.—On the 1st January, 1902, the Wesleyan Methodist, Primitive Methodist, and United Methodist Free Church Denominations entered into organic union as one church with a common name, common funds, and equal rights, and from this date will be known as "The Methodist Church of Australasia."

* Broken Hill District is within the State of New South Wales, but it belongs to the Conference of South Australia.

Day Schools.—For return of Methodist Church Day Schools, see Part III—Education, Science and Art.

No. 9.—Presbyterian Church of Australia in the State of New South Wales.—Special Returns for the year 1904.

Organisation.—The State of New South Wales is divided into fourteen Presbyteries, namely Bathurst, Clarence, Goulburn, Hastings, Hawkesbury, Hunter, Illawarra, Lachlan, Monaro, Murrumbidgee, New England, Sydney, Wagga Wagga, Young, each comprising a number of separate charges, to each of which a Minister is appointed. The management of the affairs of the Church is controlled by the State General Assembly, consisting of Ministers and Elders from the Charges within the different Presbyteries. The Assembly is presided over by a Moderator, who is elected by the Presbyteries, which also nominate representatives to the General Assembly of Australia. The head-quarters of the Church for the State of New South Wales are at Sydney.

Union of the Presbyterian Churches of Australia.—On the 24th July, 1901, at Sydney, representatives of the Presbyterian Churches within the various States met and consummated the Union of the Presbyterian Church of the States of Australia and the formation of the First General Assembly in terms of the scheme of Union agreed upon by the Federal Assembly. The name of the United Church is "The Presbyterian Church of Australia."

Theological Hall, Sydney.—The course of study at this Hall extends over a period of three years, and is fully comparable with that of other Theological Halls of the Presbyterian Church. Candidates for admission must be graduates or have gone through a complete curriculum of Arts in a University.

Colleges.—St. Andrew's College is affiliated with the University of Sydney. The Presbyterian Ladies' College at Croydon, and the Scots College, Rose Bay, for boys are carried on under the auspices of the Presbyterian Church, and managed by Councils appointed by the General Assembly; and the Cooerwull Academy, Bowenfels, is affiliated with and under the management of the college of St. Andrew's.

CONGREGATIONAL UNION OF NEW SOUTH WALES.

Organisation.—The Union of Congregational Churches allows every separate church to maintain perfect independence in the government and administration of its own particular affairs, and, therefore, the Union does not assume legislative authority or become a Court of Appeal. Each of the associated churches is represented at the General Assembly by its pastor and two or more delegates, according to the number of its members, two delegates being allowed for thirty members or under, and an additional delegate for every additional twenty members. The Committee of any College or Society recognised by the Congregational Union, subscribing not less than £1 annually, may elect two delegates. The Chairman and Committee are elected by ballot at each annual Session of the Union.

Home Mission Board.—The Board is composed of appointed representatives of all the churches. It undertakes the superintendence of aided churches and begins new preaching stations in the country.

Camden College.—This college was founded in 1864. The system is non-residential, and the course of study for theological students extends generally over four years.

Students for the Congregational Ministry have to pass an entrance examination. The College, to the extent of its funds, maintains ministerial students free of charge. Misssionary students may receive instruction in native languages.

BAPTIST UNION OF NEW SOUTH WALES.

Constitution.—The Baptist Union consists of churches in New South Wales conforming to conditions of membership and practising the baptism of believers only by immersion. The officers are a President (who is elected annually), a Vice-President, a Treasurer, and a General Secretary.

SALVATION ARMY.

Organisation.—The Salvation Army was established in Australia in 1882. Melbourne was made the chief centre for Australasia under the command of a Commissioner, and Sydney was constituted the headquarters for New South Wales, with a separate chief officer, who is termed Colonel, in command; all officers and members bear military titles and designations. The various ranks are Commissioner, Colonel, Brigadier, Major, Staff-Captain, Adjutant, Ensign, Captain, Lieutenant, and Cadet. The rank and file consist of Sergeant-majors, Sergeants, and Soldiers. There are also treasurers and secretaries to corps. Persons who are in sympathy with the Salvation Army, but who have not subscribed to the "Articles of War"—which combine a Confession of Faith and a pledge against the use of intoxicating liquors and baneful drugs—form an Auxiliary League, and contribute one guinea annually to the funds of the Army. Persons desirous of membership are publicly received, after one month's probation and having signed the "Articles of War," are then attached to the corps nearest their place of residence.

A system of training and education is given all who are accepted for officership, covering a period of six months. The Training Garrison is located in Melbourne, and has distinct branches for men and women. The Army also has a huge network of social reform agencies, consisting of reclamatory homes for men, women, and children, industrial farms, and cheap food and shelter depots. Police Courts and Gaols are visited.

No. 15.—Religious Associations, 1904.

New South Wales Auxiliary Bible Society.—This Society co-operates with the British and Foreign Bible Society in promoting the distribution of the Holy Scriptures, especially in Australasia and Polynesia.

During the year ended February, 1905, the N.S.W. Auxiliary circulated 7,917 Bibles, 6,465 Testaments, 3,799 portions, and 226 foreign Scriptures, making a total of 18,407 copies. Since its formation in the year 1817, the Auxiliary has sent forth 549,821 copies, and during the last ten years has, in addition, printed 13,150 copies of the Gospels in ten Pacific Island languages in which they did not before exist.

The total receipts during 1904 amounted to £2,008, including £1,419 from donations and subscriptions.

New South Wales Church Missionary Association.—This Association is a Society based upon similar principles to those of the Church Missionary Society of Africa and the East.

In the year 1904, thirteen missionaries were employed at stations in Africa and the East, and missions to the Chinese in New South Wales were supported. In connection with the Association there are in this State 77 branches of the "Gleaners' Union," with 1,950 members, and 80 "Sowers' Band," with over 3,000 members. The total income of the Association in 1903 amounted to £3,244.

New South Wales Bush Missionary Society.—With a view to spreading a knowledge of the Holy Scriptures amongst people living in the interior districts of New South Wales, the missionaries of this Society during the year 1904 travelled a distance of 2,034 miles, held 112 religious services, and made 1,242 visits.

They also distributed 2,700 tracts, and sold 694 Bibles and other books valued at £54.

The income of the Society during 1904 was £338, and the expenditure £313.

New South Wales Aborigines Mission.—The aim of this Mission, which is undenominational in character, is to spread the Gospel to the Aborigines of New South Wales. The Mission House is situated at La Perouse.

Young Men's Christian Association of New South Wales.—The objects of this Association are the promotion of the religious, social, intellectual, and physical welfare of young men. The building at Sydney possesses a hall in which concerts and other entertainments are held. For the use of its members the Association has a library, reading-room, and games-room, and refreshments are also provided. A well-equipped gymnasium is one of the most popular features, and provision is made for intellectual advancement in the Preparatory and Commercial College, in the Literary Society, and in the series of Winter lectures. Connected with the Association are various athletic clubs, including football, cricket, and other clubs. An effort is made to assist young men to employment.

The membership of the "Our Boys' Institute" includes lads between the ages of 16 and 20 years. The total membership of the Association is now 750. The religious work includes a meeting after Church service on Sunday evenings. Bible Classes are conducted on Sunday afternoons and on week nights. Large Young Men's Socials are held during the winter season, the attendance reaching over 500 on some occasions.

New South Wales Young Women's Christian Association.—This Association aims at promoting the religious, moral, social, intellectual, and physical welfare of young women. Board and residence is provided at the Institute, and the operations of the Association include a Governess' Agency and a Servants' Registry, Rest and Luncheon room for business girls, factory visitation, Girls' Clubs, and a Country Home of Rest at Bowral. The summary for the year 1904 shows that the total membership of the Association, including juniors, is 1,248. During ten months 703 boarders used the Institute, and in the Rest and Luncheon room 12,000 mid-day lunches were served and other meals given. In the Domestic Agency Department 611 situations were found during 1904, in addition to which many governesses obtained positions. Twenty-three admissions to homes and hospitals have been obtained, 500 domiciliary visits paid, 158 visits to hospitals, and 186 to factories, by the Mission worker alone. Employment has been obtained for many who could not go through the Registry Department, and parcels of clothing have been distributed to the poor. Country rest and change has in many cases been given either at the Institution's own Home of Rest, or through the Fresh Air League or other agencies.

The Central Girls' Club meets during the evenings for physical drill, cookery, needlework, and other classes.

The Association has branches at Ashfield, Balmain, Bowral, Erskineville, Glebe, Leichhardt, Parramatta, St. Leonards, Surry Hills, Wahroonga, and Waterloo. The general fund statement for the year ended 30th June, 1904, shows receipts as £1,713, and expenditure as £1,727.

The Scripture Union.—A division of the Young People's Scripture Union has been formed in New South Wales.

Australasian Student Christian Union.—During the year 1903-4, the Sydney University Christian Union divided into two separate Unions for men and women. In January, 1903, a highly successful Summer Conference was held at Wollongong, with an attendance of 144.

New South Wales Christian Endeavour Union.—The following Churches, &c., are represented in the Societies in New South Wales:—Methodist, Congregational, Baptist, Presbyterian, Church of England, Free Church of England, Disciples of Christ, City Mission, and there are also interdenominational Societies on the roll.

In the year 1905 there were 301 Young People's Societies, with a total membership of 9,974, and 191 Junior Societies, with a total membership of 7,848, making a grand total of 492 Societies, having 17,822 members.

The Executive Committee of the New South Wales Christian Endeavour Union publishes a monthly newspaper.

Women's Christian Temperance Union of N.S.W.—The object of the Association is to form a federation of Women's Christian Temperance Unions in the State, and promote the formation of others, with a view to spread Gospel temperance and purity, thus creating a moral and religious elevation of the people. There are 52 Unions, with a total membership of 1,285 and 121 honorary members.

The statement for the year ending September, 1904, shows income £545, and expenditure £504.

PART XIII.

INDUSTRIAL WAGES.

*69162—A

PART XIII.—INDUSTRIAL WAGES.

PREVIOUS to the year 1903, the returns were confined to the Metropolitan District; in 1903 the statement includes the districts of Newcastle and Broken Hill; while in 1904 the district of Hartley was added to the area covered by the particulars.

The returns under the Act are collected for the last week in the month of November.

The following places are Factories within the meaning of the Factories and Shops Act of 1896:—

1. Any place (including a laundry, dyeworks and bake-house), in which four or more persons are engaged directly or indirectly in working at any handicraft, or in preparing or manufacturing articles for trade or sale. This does not, however, include any place in which the persons working are shown, to the satisfaction of the Minister, to be all members of one family.

2. Any place (irrespective of the number of persons employed, or the fact that they are members of the same family) in which steam or other mechanical power or appliance is used—

   a In manufacturing goods, or

   b In packing them for transit.

3. Any place in which two or more Chinese are so engaged.

All Government workshops, including the Railway workshops, and the Printing Office, are excluded from the returns.

Note.—Mortgages of Registered British Vessels are dealt with under the Imperial Merchant Shipping Act of 1894. The mortgages are, according to the Act, divided into two classes—one in which the ship is the sole security (principal sum), and the other in which advances are made on the security of what is termed "the Account Current;" an Account Current being in most cases secured by land and other properties, in addition to shipping. The mortgage deed on ships is generally executed for the full amount of the advance. Registrations are effected at Sydney and Newcastle.

No. 36.—Vessels incurring Pilotage Dues, also Vessels Entered from and Cleared to places outside New South Wales at each Port during 1903-4.

PILOTS AND PILOTAGE.—Appointments to the Pilot service are made by the Public Service Board, and all pilots are Government officers. Certificates of Exemption from Pilotage for the various ports of the State may be granted to British subjects who are *bonâ fide* masters of British ships employed in the Australasian, South Sea Island, or the whaling trade, on passing the necessary examination, provided they have been three times in and out of the particular port for which the Exemption Certificate is desired with their vessels as masters or chief officers. Masters of vessels who hold Certificates are not liable for pilot dues unless the services of a Pilot are obtained.

Vessels Entered and Cleared.—Vessels which entered from, or cleared to, places outside the State are entered by the Customs Office at the first port of call in New South Wales, and cleared at the port from which final departure is taken.

NOTE.—The Department of Navigation subsidises tugs at the places mentioned in the above table for the purposes of towing vessels in and out of port or river. The tugs are not allowed to leave the station without the sanction of the Department, and the master must endeavour to be in the vicinity when vessels are ready for sea, and in cases where vessels are in actual danger he must promptly render assistance. The maximum rate for ordinary towing is fixed at 4d. per registered ton with a minimum of £1 10s. Disputes arising with respect to special services must be settled by arbitration. The masters of tugs are required to take pilots off to vessels signalling for services of a pilot.

* The services of the tug at this port were discontinued on 31st October, 1904.

No. 40.—Approximate Depth of Water on River and Harbour Bars.

Tides.—*Port Jackson, Sydney.*—The self-recording tide-gauge, situated at Fort Denison, was set up in 1867, since when there has been a continuous record of tides. The average rise and fall of the ordinary tides is 3 feet 4·3 inches; but the spring tides average a rise of 4 feet 11·7 inches, the greatest range of spring tides in 24 hours being 6 feet 5½ inches.

Port Hunter, Newcastle. The tide-gauge is at the pilot's house. The average rise and fall of the ordinary tides is 3 feet 4·8 inches; but the spring tides average a rise of 5 feet 3·9 inches, the greatest range being 6 feet 6½ inches.

No. 45.—Certificates of the Department of Navigation, 1895-1904.

DEPARTMENT OF NAVIGATION.—The "Navigation Act, 1901," created the Department of Navigation, including a Superintendent acting under the control of the Minister, and a Deputy-Superintendent for the Board at Newcastle.

CERTIFICATES—*Master.*—To obtain a master's Foreign-going certificate, the candidate should be at least 21 years of age, and have served six years at sea. For the coast trade the minimum age is 20 years, and the service at sea four years, one year of which must have been as mate.

Mate.—To obtain a mate's Foreign-going Certificate a first mate must be at least 19 years of age, and have served five years at sea, one year of which must have been as mate in a grade not lower than third or fourth mate in charge of a watch, whilst in possession of a second mate's certificate. For position of "only" mate the candidate must be at least 19 years of age, and have served five years at sea. For second mate the minimum age is fixed at 17 years, and the service at sea four years. For the coast trade a mate must be at least 19 years of age, and have served three years at sea.

Engineer.—A candidate for a first-class certificate of competency or service must be at least 22 years of age, and for the second and third-class certificates the minimum age is fixed at 21 years.

Marine Surveyor.—Certificates of Competency are issued to those who can pass, or have passed, the examinations necessary for an extra first-class engineer's certificate, or to master mariners who have been in command of foreign-going ships for not less than five years, or those who are in possession of extra master's certificates. Certificates of Service are issued to persons who have served as Marine Surveyors in any part of New South Wales for three years prior to 1881.

* NOTE.—Owing to the manner in which interstate transfers are now recorded by the Customs Department, it is not possible to ascertain the value of New South Wales produce exported to other Australian States. In 1904 the value of such is estimated at £7,464,266, so that the total export of New South Wales produce was valued at £22,700,071, and the total re-exports of other Australian produce at £7,107,778.

No. 58.--Exports from New South Wales during 1904.

Value of Exports.—The value of goods exported is the value in the principal markets of the Commonwealth in the usual and ordinary commercial acceptation of the term.

Exports—Australian Produce.—Articles which were partly or entirely manufactured from imported materials are shown under the headings "New South Wales Produce" and "Other Australian Produce."

Quantities.—Values only have been inserted opposite those articles where the quantities were declared as packages, and consequently did not indicate the number, capacity, or weight of the article exported.

N.E.I.—Means "Not Elsewhere Included."
